**TITLE VI**

**FUNDING GUIDELINES:**
Introduction:

The USGA portion of the Student Services Fee provides funds to promote student activities beyond those services and programs which are directly academic in nature. At the same time, the USGA is held responsible for the allocation of its budget. Therefore, to assist these needs, student groups, and individuals involved in the expenditure of these funds, the following guidelines, and definitions shall be used for the finances of the USGA.

Funding Restrictions:

In accordance with the UAB Non-Discrimination Policy, Undergraduate Student Government Association, hereinafter referred to as the USGA, funds will not be used for an organization and/or program that restricts membership or participation in an activity because of race, creed, color, religion, handicap or sex.

USGA funds shall not be used to purchase alcoholic beverages.

Any funds generated exceeding the cost of an USGA sponsored or co-sponsored event shall be returned to the USGA General Account. Funds returning to the General Account shall be of the percentage by which the USGA funded the event. However, funds returning shall not exceed the USGA allocation.

Any funds not used by a student group which are specified for a given program or service co-sponsored with the USGA must be returned to the USGA within two weeks after the concluding date of the funded event.

There shall be no after-the-fact spending of USGA funds. This clause does not conflict with Emergency Allocations as outlined in Section 604.18.

USGA funds shall not be used directly as a donation to any organization, whether it be political, charitable, non-profit, or social.

The USGA may co-sponsor University-wide programs in which undergraduates will receive the most benefit. USGA University wide programs shall be defined as programs which involve students at UAB other than those in the Undergraduate Academic Unit.

USGA funds shall not be used to buy refreshments, unless the refreshments are an integral part of the program or service. This rule does not apply for USGA-sponsored programs, only co-sponsored programs and services.

Allocations for travel for individual student organizations shall be made by the USGA Travel Grant Committee. Members of the USGA who are elected or appointed, as well as members of the internship program, shall be eligible for funds, except for those individuals serving on the Travel Grant Committee.

USGA funds shall not be used to fund programs or services which conflict with the Constitution, the Code of Laws, or established and permanent programs and services of the USGA. Permanent shall be defined as a program or service planned by the Finance Committee, the Student Services Committee, or the Programs Committee which is to occur at least two consecutive semesters of the University's academic year.

USGA support of off-campus activities shall be limited to those activities which campus facilities cannot accommodate adequately.

The USGA shall not fund any program, service, or organization which is not open to all Undergraduate Academic Unit students.
The USGA will not fund operational expenses of a group outside of the USGA.

The USGA will not fund mailing, except for those originating from the USGA.

USGA allocation of money for programs, activities, or material items shall be determined by:

1. Overall student appeal and/or need;
2. Significance of the program/service; and,
3. Appeal and significance priority.

**Funding Priorities:**

The USGA does hereby establish the following priorities as a guide to help the budgeting process.

**Priority I:**

Funding necessary for the maintenance of the USGA:

In order to fulfill its Constitutional duties, it is necessary that the USGA be given primary consideration over funding expenditures.

**Priority II:**

Funding of ongoing USGA programs and services shall be defined as those programs and services that have been funded under the USGA Budget in previous semesters. These programs shall be originated from the Programs, Services, or Finance Committee, the Executive Cabinet, or any appropriate ad hoc committee. These programs and services shall receive second priority for funding. Success shall be judged by the Finance Committee on the basis of attendance, student appeal, financial and procedural responsibility, and effectiveness.

**Priority III:**

Funding of one-time or new USGA-originated programs or services:

The USGA receives priority in funding due to its duty to provide broad, overall programs and services to students.

**Priority IV:**

Funding by the USGA of co-sponsored programs that are ongoing, run by a recognized student organization, and that were not originated within the USGA process:

The USGA feels a commitment to established programs and services over new ones in order to build a sound foundation of program and service policy.

**Priority V:**

Funding by the USGA of co-sponsored programs that are new or one time, run by a recognized student organization, and that were not originated within the USGA process:

The USGA will consider requests by student organizations for new or one-time programs and services as Priority V.

**Priority VI:**

Funding of the USGA of co-sponsored programs and services, not originated within the
USGA Budget process, but with the Program Committees within the Division of Student Affairs.

S 602.7 **Priority VII:**
Funding of the USGA of co-sponsored programs and services, not originated within the USGA Budget process, but with officially sanctioned Departments of the University.

S 602.8 **Priority VIII:**
Funding of the USGA of all fundable programs and services not covered in the previous seven priorities.

S 603.0 **Student Organization Qualifications:**

S 603.1 A recognized student organization is defined as any Undergraduate Academic Unit-recognized organization approved by the Vice-President of Student Affairs designee and the appropriate Senate body, if applicable. (See Title V, Student Organizations.)

S 603.2 Any organization that is not a recognized student organization or officially sanctioned department must be referred to the Programs or Student Services committee, or the Executive Cabinet. This includes cooperation with organizations and agencies outside the University.

S 604.0 **Budgeting Process:**

S 604.1 The USGA shall administer the following system of semesterly allocations:

S 604.2 The Finance Committee shall be responsible for initial letters to be sent to recognized student organizations and officially-sanctioned departments at least one month before budget hearings. The Committee shall contact the highest-ranking member of the organization, personally, within nine days after the mailing of the initial letter. The initial letter shall include a letter from the Finance Committee Chairperson announcing the date and time of the semesterly Budget Hearing and the availability of Budget Request Forms from the USGA. Budget Request Forms will be mailed with the initial letter to organizations being funded for the semester prior to the semester concerned in the Budget Hearing.

S 604.3 Budget Request Forms shall be designed by the Finance Committee Chairperson and approved by a two-thirds vote of the Finance Committee.

S 604.4 The Finance Committee shall place an advertisement announcing Budget Hearings, which shall not exceed one-quarter page, in the Kaleidoscope, two weeks prior to scheduled Budget Hearing.

S 604.5 All funding requests for programs and services from student organizations and divisions must be submitted by Budget Request Form no later than five days before the Budget Hearing.

S 604.6 Requests for funds coming from within the USGA process, must be submitted no later than two days before the Budget Hearing.

S 604.7 All requests for funding of a repeated program or service, whether from within the USGA or outside of the USGA, must include an evaluation by the group organizing the program or service. The evaluation is due at the same time as the request for funding or the program or service will not be considered eligible for funding.

S 604.8 The evaluation must include a summary of the effectiveness of the program or service towards serving the student interest, and ways in which the program or service could be improved.
Prior to the Budget Hearing, the Finance Committee shall meet to discuss Budget Requests and to assign priorities to the Requests. At this time, the Finance Committee Chairperson will give to each Committee Member a copy of each Budget Request and estimates of the amount of funds in the General Journal and expected income for the semester in question from Student Services Fees.

The Finance Committee Chairperson shall send to the Treasurer and the President a list of groups applying for funding prior to the Budget Hearing. The list should include the names of the groups applying for funding, the priority assigned the Request, and the amount of the Request, excluding internal Requests for funding.

The Budget Hearing shall take place during the fifth week of classes and will budget money for the upcoming semester. At this Hearing, representatives for each Request will be asked to justify their Requests of funding in person. The Hearing will proceed in order of the priority of the Request, with Requests of equal priority being scheduled for discussion by the time at which the Request was submitted; that is, the earliest Request turned in on the floor of the Committee being first for discussion.

Requests for funding attempting to be made at the Budget Hearing without following the format herein outlined may be made if the group did not receive Notice of the Hearing on time or the Committee did not follow the guidelines herein outlined. Under these circumstances, the Committee may consider the Request if the majority of the Committee Members present approve. If allowed to be presented, the Request shall be assigned a priority, but will be considered last at the Hearing. Groups requesting funds must send an officer or a representative to the Budget Hearing, or contact the Finance Committee with a satisfactory reason for their absence in case of an emergency or unavoidable conflict. The representative must be knowledgeable of the specifics pertaining to the groups current budget request. If these conditions are not met, the groups may forfeit their right to funding.

In the sixth week of the semester, the Finance Committee shall meet to write the Budget Bill. Unless otherwise decided upon by the Finance Committee, the meeting will be closed to parties connected with Funding Requests.

In the sixth week of the semester, the Finance Committee shall introduce the Budget Bill to the USGA Senate along with a list of Decisions on Funding Requests not accepted as part of the Budget. This list also will also include partial funding cuts from Requests along with totally-denied Requests.

The Budget must be approved by the Senate by the eighth week of the semester.

Once the Budget Bill becomes Law, the Finance Committee shall contact each organization, committee, or group having made a Budget Request and notify them of the USGA decision on their Request along with an explanation of why the Request was cut or denied, if applicable.

This process will be in effect for each semester of the academic year.

Fifteen percent of the Student Government Association allocation for each semester will be placed in a Reserve Account, to be used for Emergency Allocation. Should the balance exceed $ 10,000, any amount over $10,000 will be returned to the General Account.

An Emergency Allocation shall be defined as an unforeseen allocation that is necessary for the maintenance of the USGA or a Special Program/Service. It will take a Two-Thirds Vote of Members Present of the Senate to approve the Emergency Allocation.
S 605.0  **Budget Allocation Process:**

S 605.1  Within two weeks after written notification of funding, groups receiving funding for a program or service must meet with a Finance Committee member or the Treasurer to discuss the requisition process.

S 605.2  All allocated funds must be spent in accordance with University Accounting policies. No advance allocations will be made.

S 605.3  All requisitions which must be "walked through" may be done only by the Finance Committee Chairperson or the Treasurer or their representative.

S 608.3 The Finance Committee will then decide whether to investigate the possible violation. If not, the submitter of the report on the possible violation shall be notified and informed of his/her right to take the matter before the Student Court. If the Committee decides to investigate the possible violation, a Subcommittee of at least three shall be formed by the Finance Committee to acquire more information on the possible violation.

S 608.4 The Finance Committee, having formed a Subcommittee to investigate the possible violation, shall notify the Director of Student Programs, the President of the USGA, the Treasurer, and the USGA Senate of the same by the next meeting of the Senate.
