AMNP Admission Application Instructions

Applying for Admission

The UAB School of Nursing has partnered with NursingCAS, The Centralized Application Service for Nursing Schools, to collect and manage applications to our Accelerated Master’s Entry to Nursing Pathway (AMNP). It is extremely important that you carefully read all directions below to ensure successful submission of your application. Successful application submission relies on applicants careful completed of all questions and compliance with the directions.

The AMNP program consists of two phases: (I) the Pre-licensure phase and (II) the Master of Science in Nursing (MSN) specialty phase. Phase I is not a distance accessible program, whereas Phase II may be distance accessible depending on your master’s specialty option.

DISTANCE ACCESSIBILITY & YOUR STATE

Applicants to any of our distance-accessible programs should become familiar with the regulations governing distance accessible programs in their state. Prospective students residing in states other than Alabama should contact their state’s Board of Nursing and Department of Education for specific rules and regulations pertaining to completion of clinical learning experiences in that state when enrolled in a distance accessible program. The ability to conduct course work is only guaranteed for students in Alabama and in states with an established agreement.

To check on the status of your state, please click here.

Please follow the instructions carefully.

***We recommend ordering all official collegiate transcripts as the first step in the process and have them sent directly to NursingCAS and then complete the required NursingCAS fields for submission of your application.***

Some sections of the NursingCAS application will be REQUIRED by UAB although they are marked “optional”. Please review these instructions/checklist carefully for required MSN Program admission information and note that your application will not be considered until ALL sections listed are completed, submitted, and verified by NursingCAS and all required items are completed for the processing of your UAB MSN Program application. Missing information will delay or disqualify your application.

** IT IS THE APPLICANTS RESPONSIBILITY TO MONITOR THE STATUS OF THEIR APPLICATION ON A REGULAR BASIS. Please use the “Manage My Programs” section of the application to monitor the status of your application**
*An important note from NursingCAS**: 
Some email providers use filters to prevent users from receiving "Spam" (unsolicited, junk email). Email filters may interpret an email from NursingCAS or a nursing program as "Spam" and automatically delete a message to you. To avoid missing important NursingCAS emails, turn the "Spam" or "junk" email filters off during the application cycle. If your email provider does not allow you to turn the filter off, you may have access to a "junk mail file" that archives all messages identified as sent to multiple addresses. Periodically check your spam/junk email file for NursingCAS or nursing program-related messages.
