Purpose of the MSHA Classic

The purpose of the tournament is to provide a scholarship fund for students who are interested in attending health care conferences for professional development and networking opportunities, as well as charitable donations.

Each year the UAB MSHA program selects a philanthropy to donate a portion of the funds raised. Class 47 has chosen to partner with the American Cancer Society’s Joe Lee Griffin Hope Lodge which provides temporary lodging for patients who travel to Birmingham to receive cancer treatment.

The Master of Science in Health Administration (MSHA) Program prepares students to assume executive leadership positions in a broad range of health services organizations including hospitals, health systems, physician group practices, long-term care facilities, consulting firms, and insurance companies.

The MSHA Program is among the top graduate programs in health administration according to U.S. News and World Report. The program enjoys an excellent reputation, both regionally and nationally, for the high quality of its academic program and the achievements of its more than 1,200 graduates.

The MSHA Program includes 21 months of academic course work, a 9-week administrative internship and a 12-month administrative residency, while the MSHA/Master of Business Administration or MSHA/Master of Science in Health Informatics Programs include 21 months of academic course work and a 12-month administrative residency.
