

UAB FACULTY AND STAFF BENEVOLENT FUND INDEPENDENT AGENCY GRANT

HELPFUL INFORMATION

1. If asked to make an agency presentation, it will be 15 minutes total in length. You have 5-7 minutes for your presentation, with the remainder of the time for questions. In order to keep on schedule, presentations will be ended after 15 minutes.
2. Because of the short length of time for the Agency Presentation, we ask that you do not use audiovisual equipment.
3. The Agency Presentation is your opportunity to sell your program to the Benevolent Fund. If you would like for a client to make a testimonial about the value of the service, that is more than acceptable.
4. The audience for the presentation is Benevolent Fund Council members serving on our Independent Agency Review Committee. These are employees from all across UAB that give of their time to support the Benevolent Fund and help with our fundraising efforts.
