COURSE DESCRIPTION
CALCULUS I
MA 125–6C
FALL 2021

DEPARTMENT OF MATHEMATICS
UNIVERSITY OF ALABAMA AT BIRMINGHAM

**Course Instructor:** Professor Roman Shterenberg  
**Office:** UH 4035  
**Phone#:** (205) 934-9415  
**E-mail:** shterenb@uab.edu  
**Office Hours:** Before/after class, or e-mail for appointment.

Meeting times: MW, 12:20–2:10 PM  
Meeting location: HHB 126  
**Prerequisite:** Grade of C or better in MA 106, MA 107 or equivalent. *Any student who has not fulfilled the prerequisite will be dropped from the class.*  
**Credits:** 4 semester hours  

**Important dates:**  
**First day of classes:** August 23, 2021  
**Labor Day Holiday:** Monday, September 6, 2021  
**Last day to drop without paying full tuition:** August 30, 2021  
**Last day to withdraw with a “W”:** October 15, 2021  
**Fall/Thanksgiving Break:** November 22–November 28, 2021  
**Last day of class:** December 3, 2021  
  - Test I: near Wednesday, September 22; Sec. 1.1–1.6, 2.1–2.4;  
  - Test II: near Wednesday, October 13; Sec. 2.5, 2.8, 3.1–3.5;  
  - Test III: near Wednesday, November 3; Sec. 3.7, 4.1–4.5;  
  - Test IV: near Wednesday, November 17; Sec. 3.6, 5.1–5.3.  
  (These dates are approximate and may be slightly shifted due to unforeseen circumstances.)  
**Final exam:** Wednesday, December 08, 2021, 1:30–4 PM (Location to be announced.)

NOTE DATE AND TIME OF FINAL EXAM!!

*Date:* August 17, 2021.
Course policies:

- Please make sure that you are able to receive e-mail through your Blazer-ID account. Official course announcements may be sent to that address.
- If your are contacted by the Early Alert Program, you should consider taking advantage of the services it offers. Various services to assist you are also listed in the Student Resources section of the Blazernet web site.
- If you wish to request a disability accommodation please contact DSS at 934-4205 or at dss@uab.edu.
- If a test is missed due to a serious verifiable circumstance or official university business, the test grade will be replaced with the final exam score. Otherwise, if you miss an exam you will receive a zero score for this exam. In the unlikely event when two or more midterm tests are missed due to a serious verifiable circumstance or official university business, the matter will be resolved on the case by case basis in cooperation between the student, the instructor, and the coordinator of Calculus I classes. In any case you must inform your instructor of such circumstances before the exam takes place.
- Calculators (without internet access) will be allowed during any of the tests or quizzes. In addition, students can bring one quick reference card to tests, including the final exam (i.e., a standard size 5” × 8”-index card; both sides can be used).

Methods of teaching and learning:

- Class meetings of 100 minutes consisting of lectures and discussions of examples and homework problems. Time also includes quizzes and four in-class tests (each test is 50 min long).
- Students are expected to undertake at least 10 hours of private study and homework per week.
- The online homework system WebAssign will be used (look for more information below).

Assessment procedures:

- Student achievement will be assessed by the following measures:
  - Regular online homework. Feedback is provided when wrong answers are given. Students are encouraged to retake the homework problems (with randomly changed parameters) until they obtain correct answers. Homework score is scaled to take into account possible system errors, i.e. 90% of homework is enough to get 100% score etc. Homework contributes 1/12 to the course average. Problems on tests are modeled after homework problems. Staying on top of homework is therefore extremely important.
  - (Unannounced) quizzes. Quiz problems are similar to the homework problem sets. This allows students to gauge whether they are ready to work problems in a test situation. Quizzes and projects contribute 1/12 to the course average.
Four in class tests. Partial credit is awarded where appropriate. Each test contributes 1/8 to the course average.

A 150-minute comprehensive final examination. The final contributes 1/3 to the course average.

- Your course performance is your course average (including the final exam score). This is a number between 0 and 100.
- Your final grade is determined according to the following table:

<table>
<thead>
<tr>
<th>Course performance:</th>
<th>88-100</th>
<th>75-87</th>
<th>62-74</th>
<th>50-61</th>
<th>below 50</th>
</tr>
</thead>
<tbody>
<tr>
<td>Final Grade:</td>
<td>A</td>
<td>B</td>
<td>C</td>
<td>D</td>
<td>F</td>
</tr>
</tbody>
</table>

- In addition your grade maybe raised by a strong performance on the final exam (normally at most one letter grade).

Tips:
- Past tests are available at http://www.uab.edu/cas/mathematics/calculus-testbank.
- Help is available in the Math Learning Lab (HH 202); M–Th 9–8, F 9–5.
- By working steadily and regularly, you will increase your chances to succeed in this course.
- Remember, being a full-time student is a full-time job.

How to get started on Enhanced WebAssign:
(1) Go to www.webassign.net and click on I HAVE A CLASS KEY in the signing link.
(2) Enter the following course key:

```
  uab 3442 3989
```

and proceed. (If prompted for your institution, enter uab)
(3) When prompted to purchase an access code, select “. . . trial period” (Do not purchase an access code at this time. However, you must purchase an access code within two weeks for you to continue using the system beyond the two-week trial period. The system will prompt you to enter your access code when the deadline approaches. Your book may have an access code bundled with it. You must use it. Considering buying options, you may also want to look at https://www.cengage.com/unlimited/)
(4) After your first registration, you can sign in as returning user.
(5) Should you run into technical problems Enhanced WebAssign provides technical support online and/or by phone.

Sections to be covered:

- Chapter 1: 1.1 – 1.6.
- Chapter 2: 2.1 – 2.5 and 2.8.
• Chapter 3: 3.1–3.7.
• Chapter 4: 4.1–4.5.
• Chapter 5: 5.1–5.3.
