This production is an entry in the American College Theater Festival. The aims of this national theater education program are to identify and promote quality in college-level theater production. To this end, each production entered is eligible for adjudication by a regional ACTF representative and certain students are selected to participate in ACTF programs involving awards, scholarships, and special grants for actors, playwrights, designers, and critics at both the regional and national levels.

Last year more than 650 productions and 15,000 students participated in the American College Theater Festival nationwide. By entering this production, our department is sharing in the ACTF goals to help college theater grow and focus attention on the exemplary work produced in college and university theaters across the nation.
