RESEARCH PROGRAMS  
at AUBURN UNIVERSITY

DIABETES

&

METABOLIC  
DISEASES

**12th Annual Research Day • Friday February 15, 2019**

THE HOTEL AT AUBURN UNIVERSITY AND DIXON CONFERENCE CENTER

The Boshell Diabetes and Metabolic Diseases Research Program at Auburn University is dedicated to improving the lives of all people with diabetes through world-class basic science investigation into the etiology and treatment of diabetes and other metabolic diseases.

The 12th annual Research Day, on Friday, February 15, 2019, brings together experts from around the United States to present current topics related to diabetes and the role of obesity in its development. The meeting will be highlighted by research presentations throughout the day and evening.

Don't miss this opportunity to attend and participate in this exciting event. Poster and oral presentation submissions are being accepted.

Registration is free for Boshell program members, and \$125 for nonmembers. Students and postdoctoral fellows may attend at no cost.

## Abstracts

Deadline for abstract submissions is January 15. For guidelines see [vetmed.auburn.edu/boshell/research](http://vetmed.auburn.edu/boshell/research).
