# CCTS DIGEST

## Center for Clinical and Translational Science

Providing solutions to sharpen science, improve human health, and address disparities and diseases disproportionately represented within the Deep South.

### Did You Know?

Consulting with CCTS experts via biostats/epi/research design (BERD) clinics and project panels can result in significantly improved grant scores, as Dr. Burel R. Goodin, assistant professor, UAB departments of Psychology and Anesthesiology and Perioperative Medicine, can attest. With the assistance of a CCTS Nascent Project Panel, his chronic back pain R01 received an initial score of 24%. His resubmission score is now a fundable 5%.
