# CCTS DIGEST

Center for Clinical and Translational Science

*The latest clinical and translational science news, events, and funding opportunities for the CCTS Partner Network*

## Meet the One Great Community Council Members

The primary mission of the One Great Community Council is to strengthen partnerships with local community organizations and leaders, and to explore novel ways for community members to participate as partners in biomedical research. The council is a broad network of community-based organizations, business, and academic partners, and recently new members have been appointed.

***Meet the OGC Council Members***

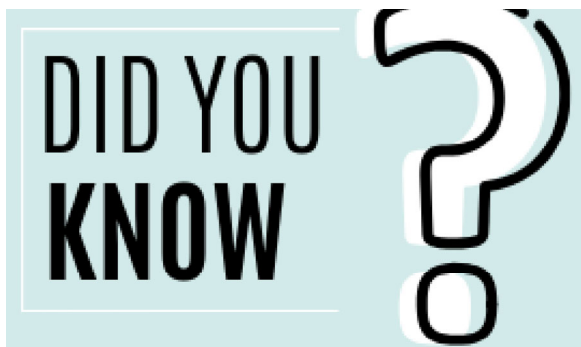

## Ten Tips for Next Generation Interdisciplinary Research

Researcher Rachel Kelly has gleaned advice from interdisciplinary experts from 25 countries and across all continents, combining their tips into one useful list that includes a handy graphic.

***Continue Reading***

## Don't Forget: Here's how to add an ORCID to your NCBI profile

Federal funders now require ORCID iD registration for all new fellowship, research training, education, and career development proposals. Simplify the process with one of these easy guides. ***Learn More***

Staff who work on clinical studies can improve their skills and competencies with high-quality training materials housed on the Clinical and Translational Science Awards Program-supported DIAMOND portal. The goal of the DIAMOND—or Development, Implementation and Assessment of Novel Training in Domain-Based Competencies—portal is to promote more effective, efficient and safe execution of clinical trials. ## Funding Opps. & Deadlines

---

### **CCTS Interdisciplinary Network Pilot Program**

*Pre-applications deadline **today**, October 21*

### **CTSA Program Request for Information (RFI)**

*Request closes on Friday, October 25*

### **CCTS Translational Training Symposium**

*Register by Friday, November 1*

### **Clinical and Translational Science Training Program (CTSTP)**

*Apply by Monday, November 4*

### **Predoctoral Clinical/Translational Research Program (TL1)**

*Apply by Sunday, December 1*

## Lectures & Learning

### **Case Studies in Mentoring: Fostering Independence**

Bring your questions and concerns and join us as we explore the nuances of the mentor-mentee relationship. Our case-based discussions help participants discover new strategies to maximize the benefits of this career-enhancing skill. Open to

investigators at any level from across the CCTS Partner Network. Registration requested, walk-ins welcome.

Oct. 23 | 11am-12pm | PCAMS | Zoom Available  
[Add to Calendar](#)

### **Accessing Clinical Data for Research using i2B2**

Accessing Clinical Data for Research with i2b2 can help investigators determine study feasibility (sample cohort size), identify potential participants for recruitment, perform simple data analyses of de-identified patient data, explore hypotheses for clinical studies/trials.

Oct. 24 | 1-3pm | LRC, 210A | Zoom Available

### **Friday Fellows**

This meeting provides the opportunity for T32 pre and post docs, investigators, and others interested in population and health outcomes research to discuss best practices in a supportive "discipline agnostic" environment. Meet other researchers and have FUN!

Oct. 25 | 8-9:30am | PCAMS | Zoom Available

### **Bioinformatics Powertalk Seminar**

Thanh Nguyen, PhD, will present "AI-informatics in Biomedicine: Find the Balance in Marriage"

Oct. 25 | 10:15-11:30AM | SHEL,105 | Zoom Available  
[Add to Calendar](#)

## **CLINICAL TRIALS INITIATIVE**

### **Clinical Trials Initiative Town Hall Meetings**

Save the date! More details on this series of discussions coming soon.

Oct. 28 | 7:30am | WTI,101  
Oct. 28 | 5:00pm | FOT,1101  
Nov. 6 | 4:00pm | PCAMS

## ROVER

(Regionally Operated Vehicle  
for Education and Research)

University of Alabama Mobile Research Unit

“Since deploying ROVER, our research activities -- particularly with the All of Us Precision Medicine Initiative -- have exploded.”

— John Higginbotham, PhD
