Community Engagement Institute (CEI) Perspectives: Maternal Mortality, April 27th

The CCTS will host the next CEI Perspectives on **Friday, April 27th from 2-4pm**, focused on the issue of Maternal Mortality. This virtual event features a panel of experts from the Jefferson County Dept. of Health, Auburn School of Nursing, Alabama State Perinatal Division, and more, leading discussions around this critical issue facing communities in our region and beyond. Through this discussion we aim to explore ways to partner in research toward solutions.

**Sign up to save the date to bring your perspective to this critical conversation.**

Catch CCTS Trainees and Scholars at Translational Science 2022

The much anticipated in-person return of this annual conference is just a few days away, happening this year in Chicago, IL! We are thrilled to have many CCTS members in attendance this year, and look forward to gathering together once again. As you plan your conference experience, we hope you’ll stop by the poster sessions on Wednesday and Thursday evenings to get to know our TL1 trainees and their research.

Deputy Chief Research and Development Officer for Veterans Affairs Hosting Town Hall Discussion at John Blair Barnwell Award Ceremony

If you’re interested in VA research, join this highly-anticipated event on Friday, April 22nd. The Town Hall kicks off at 11am with Dr. Wendy Tenhula, Deputy CRADO for US Veterans Affairs, sharing more about VA research opportunities before opening up for a Q&A session with key VA research leadership.
Attendees will learn about funding available for the Million Veterans Program, followed by an award ceremony for Lou Dell’Italia, MD, Associate Chief of Staff at the Birmingham VA Health Care Center.

**Review the full event agenda and join the April 22nd event virtually here.**
