Medical Director, Mark R. Neaman Center for Personalized Medicine Division
Head, Center for Medical Genetics NorthShore University HealthSystem
Clinical Assistant Professor University of Chicago, Pritzker School of Medicine

“Implementation of a Personalized Medicine Program Across a Community Health System”

Friday, May 17, 2019
12:00pm
Finley Conference Center
Kaul Human Genetics Bldg 2nd floor Courtyard

Target Audience: UAB Broader Genetics Community

There is no commercial support for this session

Objectives: After attending this session, participants should be able to understand:

1. Understand the foundation for personalized medicine in a community health system
2. Recognize the challenges of implementation of personalized medicine
3. Appreciate the roles of key stakeholders necessary to make personalized medicine a “reality”
4. Explain the shift from “reactive testing” to “proactive testing”

Sponsored for CME credit by UAB Division of CME
The University Of Alabama School Of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The University of Alabama School of Medicine designates this Regularly Scheduled series for a maximum of 1 AMA PRA Category 1 Credit. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
