

CCTS Voucher Program

Overcome Barriers to
Discovery with CCTS
Research Vouchers.

ELIGIBILITY: This program invites applications from faculty with full-time appointments who are actively engaged in research at any one of the 11 CCTS Partner Institutions. Applications will also be accepted from community partners or trainees (pre-/post-doctoral researchers, clinical residents/fellows) representing a scientific team – these individuals will be prompted to specify a full-time faculty lead/mentor as Principal Investigator of the voucher. Vouchers are intended for active research efforts that are ready to use these resources immediately.

BUDGET: The maximum allowable budget is \$5,000 (direct).

ALLOWABLE COSTS INCLUDE SUPPORT FROM ANY OF THE FOLLOWING:

- Clinical Research Support Unit (CRSP)
- Clinical Research Unit (CRU)
- Child Health Research Unit (CHRU)
- Specimen Processing and Biorepository Unit
- Biostatistics / Informatics
- IND/IDE Filing
- REDCap database development
- CCTS-related resources at Partner Institutions
- Other allowable expenses include many additional resources, facilities and expertise, so contact the CCTS to discuss.
