OutReach Development

Students Entering Grades 10-12
(first-time attendees) may apply for . . .

SSI I

Fundamentals of Cellular and Molecular Biology

Experience a two-week, five-days per week (8am-4pm) introductory seminar course and hands-on laboratory in Molecular Biology taught by faculty from UAB and area high schools.

SSI I features experiments on:

- *Mealworm DNA*
- *Microorganisms*
- *Sea Turtle Genetics*
- *Protein Crystallization*

Two Sessions Offered:
May 28 - June 7, 2019
June 10 - June 21, 2019

Tuition \$250.00*
(Non-Refundable)

Application Deadline:
April 12, 2019

No Extended Deadlines

may apply for . . .

SSI II

Advanced Principles of Molecular Biology and Neuroscience

This two-week, five-days per week (8am-4pm) hands-on laboratory and seminar course in Molecular Biology and Neuroscience is taught by UAB and area high school faculty. SSI II builds on the SSI I experience.

SSI II features research projects on:

- *DNA Fingerprinting*
- *Vision Science*
- *Neurobiology*

Two Sessions Offered:
July 1 - July 12, 2019
July 15 - July 26, 2019

Tuition \$350.00*
(Non-Refundable)

Application Deadline:
April 12, 2019

No Extended Deadlines

Students Entering Senior Year
may apply for a . . .

SSI III

Research Internship

Preference given to SSI I and SSI II Graduates

During this five-days per week (8am-5pm) advanced laboratory and seminar experience in scientific research, students will:

- Refresh their knowledge of biomedical laboratory techniques during an intensive Orientation.
- Utilize skills learned to conduct an independent project under the direction of a UAB research faculty mentor.
- Prepare a research poster eligible for entry into the Central Alabama Regional Science & Engineering Fair.

One Session Offered:
May 30 - July 26, 2019

Each student is required to present their research at the Closing Ceremony Scheduled for Friday, July 26, 2019.

**Top Winner will receive a
Scholarship to UAB**

Application Deadline: April 12, 2019

*A very limited number of financial need-based Scholarships are available for students from underrepresented groups in the research community. Submit a one-paragraph explanation of need with your application forms to be eligible for a Need-Based Scholarship.
