CHEMBRIDGE

JOURNEY INTO THE WORLD OF CHEMISTRY!

ChemBridge provides area 8th grade graduates with an exciting journey into big time chemistry, including stimulating hands-on experiments, great UAB faculty and staff to assist with understanding the chemistry behind the experiments, and preparing for the high school experience in a fun and educational environment.

ChemBridge is a non-residential summer program designed for rising 9th grade students. It is a one-week introductory hands-on laboratory and seminar course in Chemistry. Camp hours are from 8 am to 4 pm.

A partnership between the UAB Department of Chemistry and CORD (Center for Outreach Development), ChemBridge will promote students' interests and knowledge of chemistry by introducing them to principles, methods, applications, and experiments used in chemistry research laboratories.
