

Clinical Research Support Program

Center for Clinical and Translational Science

CCTS

The **CCTS Clinical Research Support Program (CRSP)** provides clinical research training and support services that inform and enable clinical studies from regulatory approval through closeout.

Education

Training in the principles essential for success in the clinical research environment spanning the career arc.

Initial Training

- GCP Training
- Initial IRB Training

General Overview

- Research Orientation Program

Deeper Understanding

- Research Training Program
- Clinical Investigator Training Program

Continuing Education

- Research Seminar Series
- Lunch and Learn
- CCTS Media Channel
- Clinical Trials Kiosk

Clinical Capacities

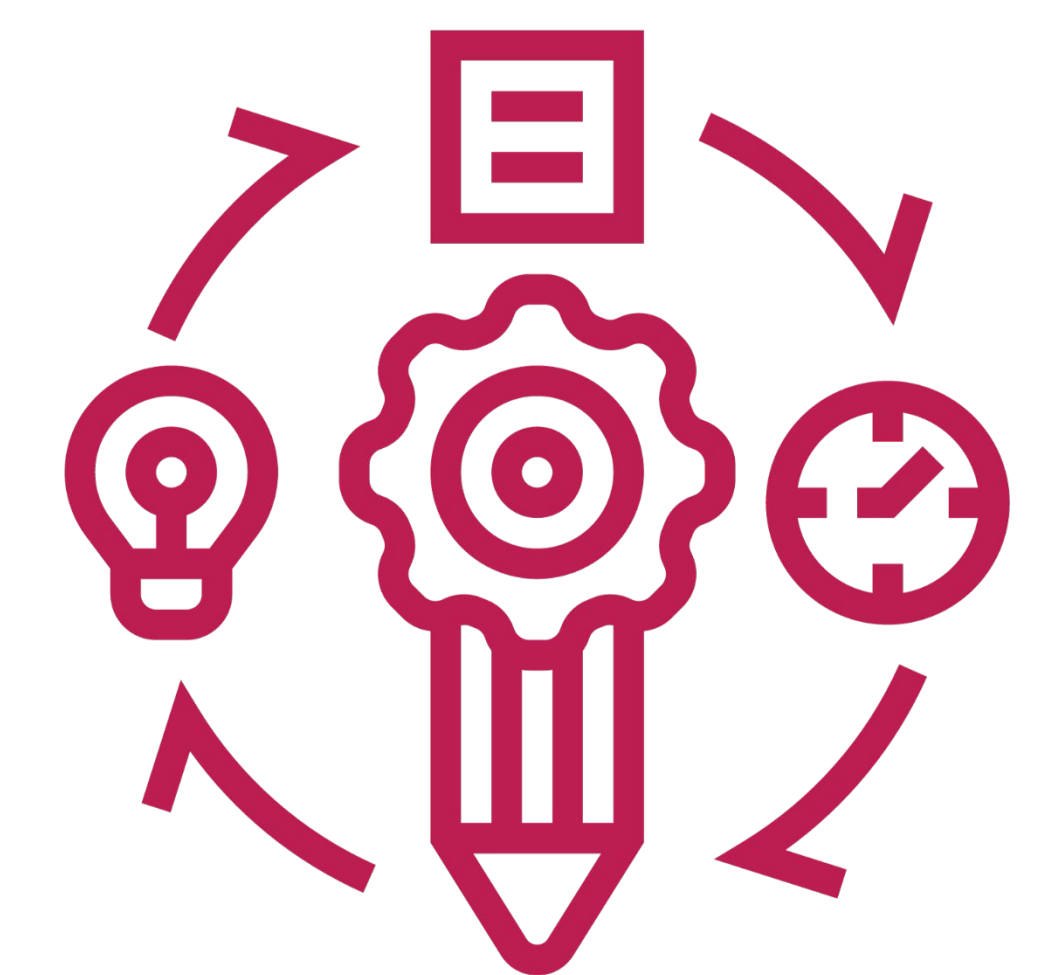

CRSP staff assist investigators with study activities to keep research moving forward.

Study Start Up

- Feasibility Assessment
- Recruitment and Retention Plan
- Regulatory Support: IRB, IND/IDE, ClinicalTrials.gov
- Budget Preparation and Contract Negotiation

Study Implementation

- Coordination – Skilled Nurse and Non-nurse
- Phlebotomy
- Resources on Clinical Trials Kiosk
- Study Monitoring / Clinical Quality Assurance
- Data Collection and Entry

CCTS Connects

- Partners with the **Clinical Trial Initiative** to implement new clinical trial management applications
- Partners with the **CCTS Training Academy** to foster development of a strong clinical research ecosystem
