Student Phone Number:	Parent Phone Number (for dependent students):	

SECTION II – INSTRUCTIONS & DISCLOSURE

Complete the following form if the student and/or spouse/parent has experienced a major change in income during the 2022 calendar year. Only 2022 information can be used to update the 2021 information that was entered on the Free Application for Federal Student Aid (FAFSA). If your request is approved, the information on the FAFSA will be updated and the Expected Family Contribution (EFC) will be recalculated. Recalculation of the EFC does not guarantee a change to the student's federal financial aid.

To ensure compliance with federal regulations, there are limits to which circumstances can be considered. Income reductions are considered on a case-by-case basis and must have occurred outside of student/parent control.

Upon submission of this form, you will be notified by the Financial Aid Office on how to upload your supporting documentation. We cannot process this appeal without specific details regarding your special circumstances or without appropriate documentation.

Please Note:

- Students must complete the 2023-2024 FAFSA at www.studentaid.gov before an Income Reduction Request can be processed.
- Families with an EFC of zero will not be reviewed and should not submit an Income Reduction Request.
- All verification requirements must be satisfied before your appeal can be considered.
- **Approval of a request does not guarantee receipt of additional federal financial aid.**
