

## FULLER AWARD Nomination Form

The Establishment of the Alumni Association Fuller Award

*The Fuller Award is named for Dr. H. Moren Fuller who is credited with playing a significant role in establishing the School of Dentistry. In 1947, the state legislature granted funds for the establishment of the dental school due, in part, to the efforts of Dr. Fuller. The first Fuller Award was awarded in 1955 to Dr. Fuller himself.*

*The Fuller Award is the highest honor bestowed by the Alumni Association in recognition of outstanding contributions to the dental profession. The award is given occasionally when an individual's contributions and outstanding achievements to the dental profession are judged by the Executive Council of the Alumni Association to be especially significant and deserving of this honor.*

# **THE FULLER AWARD**

**(Amended February 3, 2022)**

## **Guidelines**

- I. The process for selection of a Fuller recipient should include a brief review of the criterion and the historical documents for the award. Refer now to “The Establishment of the Alumni Association Fuller Award”, “The History of the Fuller Award”; and “Fuller Award Nomination Form”.
  - A. In the first document, a historical reference is made to Dr. Fuller’s significant contribution to the dental school for which the award was named in his honor. In the 2<sup>nd</sup> paragraph, cognitive words: “highest honor”, “contributions and outstanding achievements to the dental profession”, “given occasionally”, “especially significant”; give us great direction.
  - B. The second document contains an even greater in-depth history of the circumstances leading up to the creation of the Fuller Award. This history focuses again on what Dr. Fuller did for the dental school.
- II. Prestigious Awards presented by Organizations other than the Dental Alumni Association.
  - A. Most Excellent Fellow Award
    - chosen by the Board of Sensors (past presidents) of ALDA; Bylaws say nomination by a Board of Sensors member. Criterion: outstanding and meritorious contributions to ALDA. May have multiple awards in one year.
  - B. Distinguished Service Award—ALDA presents. May have multiple awards in one year.
  - C. Distinguished Alumnus Award
    - chosen by the Dean and the UAB Dentistry Leadership Council Alumni Awards Committee.
  - D. Outstanding Young Alumnus Award
    - chosen by the Dean and the UAB Dentistry Leadership Council Alumni Awards Committee.
  - E. Alabama Healthcare Hall of Fame
    - chosen by a committee who reviews nominations submitted (In 2002, chose 17 out of 79 submitted)
    - serious consideration requires prior recipient to nominate or endorse candidate
    - only five dentists are among this group since its formation in 1992

The Fuller Award is the most prestigious award anyone could receive in the dental profession. It is prestigious because Dr. Fuller and other prior recipients excelled at such a distinguished level. The Alumni Executive Council is charged with the careful selection of a candidate who has achieved an outstanding accomplishment, perhaps that no one else has done. A person of this description does not come along every year; in fact, it may only be “occasionally”.

The Fuller Award is not a popularity vote as judged by the existing Executive Council at the present sitting. It is based on merit versus popularity. The process and the criterion ensure that “especially significant and deserving” individuals are recognized. It is the Alumni Executive Council’s responsibility to ensure that the award remains the most prestigious and that only deserving individuals are recognized.

## **I. NOMINATION**

- A. Nomination of a candidate may be made by any active member of the Alumni Association.

One ballot for the nominee will be provided to the above 18 eligible voters to vote Yea or Nay for the endorsed nominee. The vote results will be kept confidential until PRESENTATION.

## **II. SELECTION CRITERIA**

- A. Since an exact exclusionary/inclusionary criterion list could reduce the potential candidate list; therefore, be it resolved that proper consideration would be given to:
  1. Financial, political, or physical support of the School of Dentistry
  2. Reputation within the State
  3. Leadership positions held
  4. National reputation
  5. Service in dental organizations
  6. Academic service/publications
  7. Community Service
  8. Political impact on dentistry
  9. Legislative impact on dentistry
  10. Impact upon students, academics or private practice dentists
  11. Research and development which directly affects dentistry
- B. Special consideration and emphasis are given to a nominee's support of the School of Dentistry since the award is bestowed by the Alumni Association. "Support" may be defined in many forms, financial and/or otherwise. The creation of the Fuller Award was to recognize Dr. Fuller's support of the School of Dentistry.
- C. It is not necessary to select a recipient yearly since "the award is given occasionally". This will be at the discretion of the Executive Council.
- D. The Fuller Award recipient will remain a secret until the June meeting of the Alumni Association held in conjunction with the Alabama Dental Association (ALDA) meeting.

## **III. PRESENTATION**

When a nominee is selected by the Executive Council, the presentation of the Fuller Award will be made by the nominator, or Alumni President presiding at the Alumni Luncheon or other function held in conjunction with the Annual meeting of ALDA, or one of the members of the Fuller Award Committee, or one member of the Executive Council in said order of priority.

## **The first Dentist Advisory Board to the University of Alabama School of Dentistry included Dr. Fuller**

The Dentists Advisory Board to the University of Alabama School of Dentistry was created by the legislation that established the School of Dentistry in 1945. Governor Chauncy Sparks did not appoint the first Board until November 1946 and funds to operate the school were not appropriated until 1947. The first Dentists Advisory Board was composed of Dr. Moren H. Fuller (Centerville), Dr Olin Kirkland (Montgomery), Dr. C. B. Bray (Birmingham), Dr. John H. Sullivan (Mobile) and Dr. Richard R. Moorner (Eufaula). Dr. Fuller was appointed chairman by Governor Sparks.

Dr. Fuller was not well known by his Alabama colleagues and he was completely unknown in dental academia. He never held an ALDA office, but he was highly respected by his community. Governor Sparks figured competent academicians could be hired, but respected Alabama dentists knew what was best for our citizens.

Dr Kirkland was the best-known Alabama dentist before the dental school was established. His peers had voted him "The Alabama Dentist of the First half of the 20<sup>th</sup> Century" in 1950.

Dr. John Sullivan's brother, Joseph C. Sullivan, Jr., J.D., introduced the bill in the Alabama House of Representatives that created the School of Dentistry. Another brother, Dr. George J. Sullivan, was a Mobile dentist, as was their father, Dr. Joseph Charles Sullivan, Sr. (Philadelphia Dental College, 1891). Dr. Richard R. Moorner was Governor Spark's personal dentist, which certainly justified his appointment.

Dr. Fuller spent a lot of time at the school during its early years and Dean Volker treated him with proper respect. The first students were thankful for the school because many of them were World War II veterans with impeccable credentials (or tickets, as Joe Volker called them) to enter dental school, but they had been unable to find a spot in out-of-state universities. They came to believe that Dr. Fuller was their personal benefactor, so the young Dental Alumni Association chose to honor Dr. Fuller and to make the award his namesake.
