Information Packet: Alternative Master’s Program (AMP)

Welcome to the Alternative Master’s Program (AMP) at the School of Education (SOE), University of Alabama at Birmingham (UAB). The purpose of UAB’s AMP is to guide prospective teachers in meeting the evolving needs of school-aged learners in today’s rapidly changing society and to deliver cutting-edge instruction through a standards-based, inquiry-focused approach. Based on constructivism, this approach prepares educators to use state-of-the-art instructional strategies in their own classrooms. This program combines online support from Canvas with a variety of delivery formats.

Dr. Jenn Ponder, Interim Department Chair
Department of Curriculum & Instruction
jponder@uab.edu 205-975-6150

Program Name
At UAB, this initial certification program is called the Alternative Master’s Program (AMP). The AMP is synonymous with “fifth-year program.” Fifth-year means that certification candidates are starting a teacher certification program after having completed a four-year undergraduate (UG) program; it does not mean that they start and finish this program in one year. Some candidates are able to complete the AMP in 5 to 6 terms, i.e., about 2 years. However, other candidates have such extensive responsibilities (e.g., full time teaching positions) that they often need 3 years (or more) to finish the AMP.

AMP Candidates
Candidates are current certification-seeking students in the SOE as well as prospective certification-seeking students. In this information packet, the words “candidate” and “student” might be used interchangeably. However, we usually reserve the word “student” to refer to P-12 learners being taught by our certification candidates.

AMP Information Packet
The information in this packet corresponds to UAB policies and procedures in effect on the date of the packet. More recent versions of this packet take precedence over what is stated here. This packet also represents codes and regulations mandated by the Alabama State Department of Education (ALSDE). To provide schools with educators prepared to meet the changing needs of today’s society, the ALSDE frequently updates its codes. Hence, UAB also periodically updates its certification checklists. If an updated certification checklist offers advantages to already-admitted candidates, they may request switching to a newer checklist.

Driving and Parking
Information about driving and parking is provided at www.uab.edu/education/home/about. Parking is a big challenge at UAB; it can take over 30 minutes to find a parking space. Come with time to look for parking and also with quarters to feed the parking meters. If it takes more time than anticipated to find a place to park, please do not be concerned about arriving late for the AMP information session. Late arrivals are always welcome.

   a) The ALSDE requires an unrounded cumulative GPA of 2.75 for admission to initial certification programs such as the AMP.
   b) Cumulative GPA of at least 2.75 must be on the transcript issuing a BA/BS degree (or 3.0 GPA on transcript issuing a graduate degree).

   d) GPAs cannot be “raised” by taking additional courses after graduation.
   e) If an undergraduate GPA is below 2.75 but above 2.5, the person can become eligible for admission to the AMP at UAB by having a
      higher Praxis score as determined by the ALSDE.
   f) Applicants with a low GPA on the UG transcript can become eligible for AMP by completing a non-certification MA with a 3.0 GPA.

3) Official Transcripts sent to the School of Education (SOE)
   a) Request official transcripts from all colleges attended (incl. dual enrollment), even if just one course is on another transcript.
   b) Have official transcripts from each college attended (except for UAB) emailed to SOEtranscripts@uab.edu
   OR mailed to SOE Office of Student Services (OSS), 1720 2nd Avenue South—EB 232; Birmingham, AL 35294-1250

6) Exams required by the ALSDE for unconditional admission: SUBJECT TO CHANGE (valid on date of this packet)
   a) Admission exam to UAB’s AMP: Praxis Subject Assessment (formerly called Praxis II) 800-772-9476
      ➤ GRE and MAT are NOT required by UAB for admission to AMP, and the Core Skills test was recently eliminated.
   b) Preparation: Read Praxis website, view videos, learn rules (e.g., valid photo ID, no jewelry, signed statement, locker), Free

Test-Taking Tips

1) **Free Webinars:** ETS offers free live webinars to help candidates succeed as they prepare for teacher licensure. These webinars offer in-depth information, examples of study plans, and the opportunity to ask questions. Topics include test overviews, free resources for test preparation, and tips for reducing test anxiety. Registration opens approximately two weeks prior to the webinar date, and we encourage candidates to participate and register early.

2) **Study materials:** Students should study for a Praxis test by purchasing study materials, which can usually be purchased directly from by the Educational Testing Service. In fact, they are usually offered online after registering for the Praxis. Test preparation materials can also be bought at the UAB book store and other major book stores. Students are encouraged to take several practice tests (included in purchased test preparation materials) in a secluded area and by setting a timer for the allotted time. This website has excellent study materials:

3) **Disability Support:** If students have a disability, they should register with UAB’s Disability Support Services (205) 934-4205. This takes time. So, if students plan to seek a disability designation at UAB, they must start this process at least 3 months before the test date. Once students have been designated by UAB's Student Disability Services as having a disability, they will be allowed to take the Praxis with accommodations. The exact accommodation depends on the type of disability.

4) **Arriving on Time:** Test takers should arrive at the test center at least 30 minutes before the test is scheduled to start. Test-takers must be inside of the designated testing room before the time indicated on the instructions. For example, if test-takers are told to arrive by 10:30, this means that the door of the testing room closes at 10:30 and no one else is permitted to enter.

5) **Default Response:** If test takers do not know the answer to a question, they should mark their default response rather than leaving it blank. “C” is often recommended. Test takers should not worry about marking “C” numerous times. Using a default response works well since the passing scores on the Praxis often correspond to about 60% of the questions being correct. Of a test taker’s default responses, about 25% are often correct, e.g., Of 20 “simply mark C” responses, about 5 will be correct. For some test takers, this is the difference between passing and not passing. Instead of “C,” test takers may wish to use “B” or another letter. **NOTE:** This approach will not work as well when a higher cut score is required. It also does not work on other types of exams, e.g., Advanced Placement or Nursing Boards; it depends on the test design.

6) **Slow Readers:** If test takers are slow readers, they can avoid getting bogged down with reading long questions. Some Praxis questions are lengthy scenarios that take a long time to read; other questions might be somewhat confusing. When slow readers see a long or confusing question, they may wish to consider not attempting to read it. Instead, they could “simply mark C” and go on to the next question. If they have time left at the end, they can come back to the long questions where they had “simply marked C.”

7) **Keeping track of time:** One minute before the test ends, test takers should “simply mark C” on the remaining questions. That way, if they run out of time, they will have responded to all questions. For computer-based tests, the time appears on the screen.

**Non-Degree Seeking Status:** UAB Graduate School, 205-934-8227 gradschool@uab.edu

Applicants (secondary & K12 single subject) who do not meet degree-seeking application deadline and wish to start taking courses that semester.

1. **Instructions:** Read the instructions for non-degree seeking students at http://www.uab.edu/graduate/nondegreestudents
2. **Non-degree application:** Submit a non-degree seeking application five business days before the start of the targeted term.
3. **Degree choice:** After clicking “Start new application”, respond to the four key questions as follows:
   a. For which of the following are you applying? **Non-Degree Seeking**
   b. Intended Program of Study: **Education Non-Degree**
   c. Concentration: **Not Applicable – the selected program does not offer concentration options**
   d. Term: Select the term when you would like to start as a non-degree seeking student.
4. **Payment:** Pay $40 online (debit card or credit card) and click SUBMIT.
5. **Transcripts:** Non-Degree students must submit a copy of their transcript from a regionally accredited university showing that a bachelor’s degree or higher has been awarded. This transcript may be unofficial, and must be uploaded within the application prior to submission. If you would like to submit an unofficial copy of your transcript after submission, please send it via email to gradschool@uab.edu. Your application cannot be processed until the Graduate School has received a copy of your transcript.
6. **Acknowledgement of non-degree policies:** https://www.uab.edu/graduate/students/current-students/academic-policies-progress/forms
7. **Fingerprints:** Follow instructions on page 2, step 4. You must have background clearance to do field experiences. The first field experience takes place in EDU 500, which you will take in your first semester.

Once an admission decision has been rendered, you will be notified via email and will need to log back into the application dashboard to view your decision. You will find crucial information within your decision letter, such as a link to complete the Acknowledgement of Non-Degree Policies form, how to create your BlazerID if you do not already have one, and information regarding required overrides that must be issued to non-degree seeking students.
9. **No financial aid:** During the terms in which you take courses as non-degree seeking, you are NOT eligible for student loans.
10. After having degree-seeking status, submit a form to change non-degree credits to degree-seeking credits for using towards your degree:
    https://www.uab.edu/graduate/students/current-students/academic-policies-progress/forms.

-demonstrate the ability to think critically.

2) Field Experiences and Diversity
Candidates must complete at least 150-220 clock hours of field experiences to be eligible for their student teaching internship. These field experiences, which are similar to labs and rotations in other professions, are an integral part of many AMP courses. The placements, which are arranged by the course instructor, provide candidates with experience working in diverse settings with respect to grade levels, rural/suburban/urban, socio-economic status, English language learners, and special needs students.

3) edTPA: educator Teacher Performance Assessment
The ALSDE requires edTPA as a final assessment for issuing teacher certification. UAB has a dedicated team and well-established curriculum to support all students through the edTPA process. As of the first semester, AMP candidates begin learning about edTPA. Candidates submit their edTPA portfolio during their student teaching internship.

4) Class Schedules and Registration
Schedules are posted in October (spring term) and March (summer and fall terms). Candidates should register as soon as possible. However, before doing so, all candidates must consult with their faculty advisor. Schedules are subject to change. If courses do not have minimum enrollment, they will be canceled.

5) Duration: How long will it take to complete the AMP?
There is no single answer. Much depends on your program and on the number of classes you take each semester. Full-time students typically finish in 5 or 6 semesters (i.e., 2 years). Part-time students often take 3 years. UAB’s limit is 5 years.

6) Employment: Is it possible to work full time while completing the program?
The answer depends on your targeted teaching field, your work schedule, your goals, and the specific courses involved. Many courses require school-based field experiences that must be completed during the hours that public schools are in session. It is important to discuss your situation with your faculty adviser as early as possible in your program.

Is it possible to work full time during the student teaching internship?
Being a full-time teacher with the Interim Employment Certification (IEC) is the only employment permitted while student teaching. Because the internship is full time for 15 weeks and during regular public school hours, many students take a leave of absence from their non-teaching jobs (both part-time and full-time) to meet the internship requirements. It is important to decide very early in your program whether you will be able to meet this internship commitment.

Student Teaching Internship

1. In January prior to the year in which candidates anticipate doing student teaching, they must:
   a. Submit a Student Teaching Application by January 31st, one term before the fall internship and one full year before the spring internship. When completing this application, candidates should follow instructions at: https://www.uab.edu/education/studentteaching/home/student-teaching-application. NOTE: For secondary education candidates, this is done as part of the EHS 530 Practicum course. All candidates must submit this application, even those with full time teaching positions.
   b. Update their application immediately if the targeted semester or teaching employment has changed.

2. Candidates must meet regularly with their advisor to make sure they stay on track for doing their student teaching as indicated in their student teaching application.

3. Prior to starting their internship and repeatedly throughout their internship semester, candidates should read the Student Teaching website and handbook posted at http://www.uab.edu/education/studentteaching.

4. Candidates must meet ALSDE regulations in effect at time of student teaching and/or employment as a hired intern.

5. In order to be eligible for this student teaching internship, candidates must have:
   a. been unconditionally admitted to the AMP which occurs upon admission to UAB’s Graduate School,
   b. completed all courses in the AMP (with the possible exception of one or two secondary content courses), and
   c. met all requirements stipulated by OSS (EB 232) and the Office of Clinical Experiences (EB 213B).

6. About four months before the start of the candidate’s targeted internship semester, the Office of Student Services (OSS) conducts a student teaching eligibility check and then notifies the candidate of any missing items. As their internship approaches, candidates receive specific details of student teaching obligations, such as mandatory attendance of all student teachers at orientation sessions for their respective internship term (either fall or spring).

7. Candidates must enroll in the internship course and also the corresponding internship seminar. They should select the number of credit hours listed on their certification checklist. The seminar guides interns with the edTPA process.

8. Candidates must do their student teaching internship full-time for 15 weeks, which is almost the entire length of a school semester. They will be placed with cooperating teachers who are full-time teachers exclusively in the targeted teaching field, have taught within the targeted teaching field full-time for at least 3 years, and preferably hold Class A certification in this teaching field. Candidates will be formally observed about 4 or 5 times by a UAB supervisor. For K-12 subjects, one placement will be about 7½ weeks in an elementary school and another one about 7½ weeks in a secondary school. Candidates in K-12 teaching fields will be observed at least twice in each of these two settings.

9. Another option for meeting this Student Teaching requirement is to be hired full time in a SACS-accredited school. If hired as a teacher, your employment should be less than 50 miles from UAB in order for the School of Education to provide on-site supervision of your student teaching internship. If your employment site is further than 50 miles away, you must consult as soon as possible with the Student Teacher Director, Ms. Vanessa Vega.

10. Employment as a full-time teacher during the internship semester must be for teaching the entire day in the teaching field of the targeted certification area. For candidates in K-12 teaching fields, this can be done as follows:
   a. Candidates in K-12 teaching fields need to be teaching approximately half the time in one or more elementary grades (K-6) and teaching the other half of the time in one or more secondary grades (6-12), or vice versa. This can be done while employed at a middle school for teaching at least one elementary grade level (e.g., 5th or 6th grade) and at least one secondary grade level (e.g., 7th grade or higher) or as an itinerant teacher at two or more schools (e.g., an elementary school and a high school). These hired interns will enroll in their internship course during either the Fall semester or the Spring semester of their employment year.
   b. Interns can be employed as a full time teacher during the school year at either the elementary or secondary level and then placed as a student teacher at the other level for at least half a day for a full semester (such as in art or music) or during a summer program in a public school that is at least 6 weeks long (or the equivalent) and where there are at least 15 students per class. Such placements must be approved several months in advance by the advisor, the program director, and the student teacher director. NOTE: The summer option is usually only for ESL interns who teach during a lengthy English learner summer program.

   NOTE: Interns must be employed with the IEC and cannot teach any subject outside of their certification area.

11. All student teacher candidates (including those in hired positions) should visit the following website before and during their internship semester and keep themselves informed about any updates: Student teaching internship.

The SOE recommends candidates to the ALSDE for alternative **Class A Teacher Certification** in the targeted teaching field. After approving the recommendation, the ALSDE issues the certification. This process may take several months. Certification eligibility expires if candidates do not submit application within 60 months of graduation.

Requirements:

- Completion of the certification checklist without substitutions
- Field experiences (as determined by the program) prior to the student teaching internship
- Student Teaching internship: 15 weeks fulltime in the teaching field of targeted certification area
- Fulfillment of all criteria stipulated by the ALSDE in its teacher certification codes and regulations.

Employment as a Teacher

A. Seeking employment

1. ALSDE: [https://www.alsde.edu/sites/search/Pages/results.aspx?k=jobs](https://www.alsde.edu/sites/search/Pages/results.aspx?k=jobs) School district websites (link: certified positions).

2. Education Career Fair is sponsored each April by UAB’s Career & Professional Development Services for students and alumni: [http://www.uab.edu/students/cpd/](http://www.uab.edu/students/cpd/)

B. Being hired as a teacher before being fully certified: Interim Employment Certificate in a Teaching Field (IEC):

After being unconditionally admitted to UAB’s AMP, you are eligible to be hired with an Interim Employment Certificate (IEC).

2. In response to the job application’s question: “Do you hold certification?” respond “YES.” If you have been admitted to the AMP, select “First Alternative Certification” from drop down menu. If not, select “Emergency Certification” from this same menu.

3. When a principal offers you a teaching position, you should follow these steps:

   a. If you wish to be eligible for an IEC, you need to be sure that you will be teaching in your certification field for most of the year.

   b. If you have been admitted unconditionally to the AMP and are hired for a teaching position in your area of certification, you should be hired with the IEC and not with any other type of certification. **NOTE:** Some school districts do not consider AMP candidates for teaching positions even though these candidates are eligible for an IEC.

   c. Request an official copy of your UAB transcript (in progress and with current courses) from UAB’s transcript ordering website: [http://www.uab.edu/students/one stop/grades/academic-trancripts](http://www.uab.edu/students/one stop/grades/academic-trancripts). Indicate for your transcript to be sent electronically to Office of Student Services at SOEtranscripts@uab.edu. When prompted (even if requesting electronically-submitted transcript), provide address: SOE Teacher Certification, 1720 2nd Ave South-EB 232, Birmingham AL 35294-1250; Tel 205-934-7530.

   d. Ask your school district’s human resource (HR) officer to send an email to Ms. Ekandrea Tarver (edtarver@uab.edu), UAB’s certification specialist in the SOE Office of Student Services. In this email, your school’s HR official will provide your full name, the last 4 digits of your SSN, and the teaching field and grade span that you will be teaching as well as the HR mailing address. Your HR officer will ask Ms. Tarver to complete a Supplement SA1 form and to mail it to the school’s address.

   e. Ms. Ekandrea Tarver (edtarver@uab.edu), UAB’s certification specialist in SOE’s Office of Student Services, will mail the SA1 form and all other required materials to the address provided by your school’s HR officer.

   f. Your school will send your IEC application to the ALSDE. If approved, your IEC will be issued by the ALSDE.

   g. You may teach full time for up to three years while holding a valid IEC. After finishing one year of teaching with the IEC-1, you must visit your school’s HR office and submit an application to the ALSDE for an IEC-2. After teaching a full year with the IEC-2, you must again visit your school’s HR office and submit an application to the ALSDE for an IEC-3. By the end of teaching a full year with the IEC-3 (or any time before), you must have completed the AMP and graduated. An individual who has not completed all requirements for Class A certification by the expiration of the IEC-3 is ineligible to continue teaching certification via the IEC approach. The IEC-1, IEC-2 and IEC-3 must be completed within four consecutive school years.

C. Other ALSDE approaches that lead to initial teacher certification (These approaches are NOT available through UAB.)

These certification approaches are initiated by the hiring school. The school’s HR office sends the application to the ALSDE. Applicants should contact the ALSDE (and not a university or school of education) about certification approaches at this website: [http://www.alsde.edu/sec/ec/pages/home.aspx](http://www.alsde.edu/sec/ec/pages/home.aspx).

1. Provisional Certification in a Teaching Field (PCTF): [https://www.alsde.edu/sec/ec/Pages/pctf-all.aspx?navtext](https://www.alsde.edu/sec/ec/Pages/pctf-all.aspx?navtext)

   PCTF is provisional certification for certain single subjects in secondary (6-12), middle grades (4-8), and all grades (K-12). If hired with PCTF, you can take required PCTF courses at UAB: ECY 300/600 exceptional learners, EPR 411/511 assessment; EHS 456/556 classroom management, and methods (EHS 535 mathematics, EHS 536 English language arts, EHS 537 science, EHS 538 social science, EHS 539 world languages, EDA 534 visual arts, MU 532 choral music, MU 533 instrumental music). The PCTF allows schools to hire uncertified candidates who have passed the Praxis subject assessment, obtained background clearance, and met all ALSDE regulations. By the end of their first year of teaching, PCTF teachers must have taken two of four required courses and also submitted an application for a 2nd PCTF through the school’s HR office. By the end of their second year, PCTF teachers must have taken the final two courses and submitted an application for a 3rd PCTF through the HR office. In their third year of teaching, PCTF teachers must pass edtPA to be eligible for a Class B teaching certificate. They must submit a PCTF application through their school’s HR office. [NOTE: The PCTF was formerly called ABC.]

   In lieu of certified teachers, schools can hire uncertified applicants to teach. If you have been admitted to the AMP and are hired to teach full-time in the teaching field of your AMP, emergency certification is usually not your best option. However, if a school hires you outside of your AMP certification area or if you are ineligible for IEC or PCTF, the school will request emergency certification on your behalf. Emergency certification is valid for two years, and can be renewed for another two years. **NOTE:** Up until August 2019, emergency certification was available for only one year and just once during a person’s lifetime.

3. Adjunct Instructor Permit. [http://www.alsde.edu/sec/ec/Pages/adjinstruct-all.aspx?navtext](http://www.alsde.edu/sec/ec/Pages/adjinstruct-all.aspx?navtext)

   **NOTE:** This permit is for employment as a teacher half-time or less. Adjunct instructors are not eligible for benefits.

**“To-Do” List (Summary of page 2)**

1. **Participate in AMP information session (Mondays, 5:00-6:30 pm) and/or view online session (soon to be available).**
   a) Receive this information packet (After the session, read entire packet & keep it handy for future reference).
   b) To review info session, read the “I am aware of” statements (p. 12), complete this page, sign it, and give it to facilitator.

2. **Contact program coordinator/faculty advisor: Early Childhood, Elementary, and Special Education**

   b) Order official transcripts from all colleges attended (even if just one course) and have them sent to the SOE’s Office of Student Services at [SOEtranscripts@uab.edu](mailto:SOEtranscripts@uab.edu).

6. Take the required admission test so that the score report is received at UAB, preferably before the application deadline. Access the updated information: [https://www.ets.org/praxis/al/al_teacher_ed](https://www.ets.org/praxis/al/al_teacher_ed) (scroll to “tests required for specific areas”). Register for the Praxis subject test in your teaching field at [http://www.ets.org/praxis/register](http://www.ets.org/praxis/register) and access your scores online.

9. Periodically check status of application at Application webpage. If needed, follow up with your references.

10. **After receiving your admission email from the Graduate School, do the following:**
    a) Process a BlazerID at [www.uab.edu/blazerid](http://www.uab.edu/blazerid). If returning to UAB, you must reactivate your BlazerID.
    b) Follow all other instructions in the admission letter.
    c) Obtain medical clearance: [http://www.uab.edu/studenthealth/medical-clearance](http://www.uab.edu/studenthealth/medical-clearance)

11. **Applicants who are non-native speakers of English (regardless of citizenship):** Take language exam, TOEFL or IELTS.

I am aware of the following:

1) Applicants should read and follow the stipulations in this AMP information packet and keep themselves informed regarding any changes.
2) All schedules, procedures, regulations, and test scores described in this AMP packet are valid only up until the date on this packet.
3) For information about other approaches (e.g., PCTF, emergency, CBT, adjunct), candidates must contact the ALSDE and not a university.
4) Before registering for an exam, applicants should check the ALSDE website for current exam codes and scores.
