Master of Arts in Education and Class A Teacher Certification

Welcome to the MA program in UAB's Department of Curriculum and Instruction. The first purpose of this program is to guide educators in meeting the evolving needs of learners within today's rapidly changing society. This program's second purpose is to deliver cutting-edge instruction through a standards-based, inquiry-focused approach based on constructivism that prepares educators to use state-of-the-art instructional strategies in their own classrooms. Its third purpose is to ensure that a quality program is available to educators unable to come to campus during traditional class hours. This program combines online support from Canvas with a variety of delivery formats.

Driving and parking information is provided under the ABOUT tab at www.uab.edu/education.

Parking is a big challenge at UAB; it can take over 30 minutes to find a parking space.

Come with time to look for parking and also with quarters for the parking meters..

In this information packet, the words "student" and "candidate" are used interchangeably.

Candidate refers to current and prospective students in UAB's School of Education (SOE).

The following information corresponds to UAB policies and procedures in effect on the date of this packet and also to codes and regulations mandated by the Alabama State Department of Education (ALSDE). Updated versions of this packet will take precedence over what is stated here. Such updates are usually in response to changes in ALSDE codes. The ALSDE periodically updates its codes to provide Alabama schools with educators prepared to meet the changing needs of today's society. NOTE: If an updated certification checklist offers more advantages to already-admitted students, candidates may request switching to the updated checklist.

Test-Taking Tips

- 1) Free Webinars:** ETS offers free live webinars some certain exams. These webinars offer in-depth information, examples of study plans, and the opportunity to ask questions. Topics include test overviews, free resources for test preparation, and tips for reducing test anxiety.
- 2) Study materials:** Students should prepare by purchasing study materials, online, at the UAB bookstore, or at other major book stores. Applicants are encouraged to take several practice tests (included in purchased test preparation materials) in a secluded area and by setting a timer for the allotted time.
- 3) Disability Support:** If students have a disability, they should register with UAB's Disability Support Services (205) 934-4205. This takes time. So, if students plan to seek a disability designation at UAB, they must start this process at least 3 months before the test date. Once students have been designated by UAB's Student Disability Services as having a disability, they will be allowed to take an admission exam with accommodations. The exact accommodation depends on the type of disability.
- 4) Arriving on Time:** Test takers should arrive at the test center at least 30 minutes before the test is scheduled to start. Test-takers must be inside of the designated testing room before the time indicated on the instructions. For example, if test-takers are told to arrive by 10:30, this means that the door of the testing room closes at 10:30 and no one else is permitted to enter.
- 5) Default Response:** If test takers do not know the answer to a question, they should mark their default response rather than leaving it blank. "C" is often recommended. Test takers should not worry about marking "C" numerous times. Using a default response works well since the passing scores on the MAT often correspond to about 40% of the questions being correct. Of a test taker's default responses, about 25% are often correct, e.g., Of 20 "simply mark C" responses, about 5 will be correct. For some test takers, this is the difference between passing and not passing. Instead of "C," test takers may wish to use "B" or another letter. *NOTE: This approach will not work as well when a higher cut score is required. It also does not work on other types of exams, e.g., Advanced Placement or Nursing Boards; it depends on the test design.*
- 6) Slow Readers:** If test takers are slow readers, they can avoid getting bogged down with reading long questions. When slow readers see a confusing question, they may wish to consider not taking lots of time to think about it. Instead, they could "simply mark C" and go on to the next question. If they have time left at the end, they can come back to the long questions where they had "simply marked C."
- 7) Keeping track of time:** One minute before the test ends, test takers should "simply mark C" on the remaining questions. That way, if they run out of time, they will have responded to all questions. For computer-based tests, the time appears on the screen. Test takers cannot rely on their cell phone for telling time because they are not allowed to bring cell phones into the testing room.

Non-Degree Seeking Status

UAB Graduate School, 205-934-8227 gradschool@uab.edu

Applicants (secondary & K12 single subject) who do not meet degree-seeking application deadline and wish to start taking courses that semester.

- 1. Instructions:** Read the instructions for non-degree seeking students at <http://www.uab.edu/graduate/nondegreestudents>
- 2. Non-degree application:** Submit a non-degree seeking application five business days before the start of the targeted term.
- 3. Degree choice:** After clicking "Start new application", respond to the four key questions as follows:
 - a. For which of the following are you applying? **Non-Degree Seeking**
 - b. Intended Program of Study: **Education Non-Degree**
 - c. Concentration: **Not Applicable – the selected program does not offer concentration options**
 - d. Term: Select the term that you are interested in registering for as a non-degree seeking student.
- 4. Payment:** Pay \$40 online (debit card or credit card) and click SUBMIT.
- 5. Transcripts:** Non-Degree students must submit a copy of their transcript from a regionally accredited university showing that a bachelor's degree or higher has been awarded. This transcript may be unofficial, and can be uploaded within the application prior to submission. If you would like to submit an unofficial copy of your transcript after submission, please send it via email to gradschool@uab.edu. Your application cannot be processed until the Graduate School has received a copy of your transcript.
- 6. Admissions:** Once you have completed your application by paying the fee and submitting a copy of your unofficial transcript showing a bachelor's degree or higher has been awarded from a regionally accredited university, the Graduate School will process your application within 1-3 business days. Once an admissions decision has been rendered, you will be notified via email and will need to log back into the application dashboard to view your decision. You will find crucial information within your decision letter, such as a link to complete the Acknowledgement of Non-Degree Policies form, how to create your BlazerID if you do not already have one, and information regarding required overrides that must be issued to non-degree seeking students.
- 7. No financial aid:** During the terms in which you take courses as non-degree seeking, you are NOT eligible for student loans.
- 8. After you earn degree-seeking status,** submit the form ***Change non-degree seeking credit to degree-seeking credit***. You can find this form at <https://www.uab.edu/graduate/students/current-students/academic-policies-progress/forms>

NOTE: If you have already completed graduate courses in your Teaching Field (TF) and did not use them towards another graduate degree, you might be able to use some of these TF courses (e.g., biology) towards traditional Class AA teacher certification issued by the ALSDE. This does not apply to education courses taken at another institution. Since each applicant's situation is different, individual approval must be sought. After submitting your admission application to UAB, you must send corresponding transcripts and course syllabi electronically to the faculty advisor for your TF (page 2). The advisor selects potential TF courses and sends selected courses to Ms. Tashara Walker (tawalker@uab.edu), Director of the SOE Office of Student Services. If a course prefix differs from the TF prefix (i.e., a science course has a TF prefix) and the course has not been approved previously by ALSDE, Ms. Walker submits a request to the ALSDE for approval/denial. NOTE: After completing an MA and 18 graduate hours in a single teaching field (not a comprehensive field such as English Language Arts), you will be eligible to teach that subject in a community college.
