	Total hours	39 hours

***Comprehensive Examinations:** Students in the **non-thesis option** must complete a supervised internship including comprehensive exams during their **last semester** of coursework. A student cannot attempt the internship and comprehensive exam more than twice. Those who cannot complete the internship and comprehensive with a passing score during the second attempt will be dismissed from the program and not allowed readmission. Contact your Academic Advisor for additional information.

****Note:** CHHS 693 Advanced Field Experience in Community Health Education may be replaced by six credits of advisor approved course work for students with professional experience. Professional experience is defined as one year of verifiable full-time employment in a community health or human services setting.

Approved: Scott Amey Associate Dean
