

Research and Statistics Prerequisites:

Students are required to have completed the following courses (or equivalents) BEFORE enrolling in the Advanced Research and Statistical Methods Core.

- EPR 594 Introduction to Educational Research Design
- EPR 596 Introduction to Qualitative Methods in Educational Research
- EPR 607 Microcomputer Applications to Statistical Analysis
- EPR 608 Statistical Methods and Action Research
- EPR 609 Statistical Methods and Research in Education: Intermediate

Health Education/Promotion Core - 12 hours	Semester Hours
CHHS 731 Advanced Theoretical/Scientific Basis of Health Education /Promotion	3
CHHS 732 Advanced Planning and Implementation of Health Education/Promotion Programs	3
CHHS 733 Evaluation of Health Education/Promotion Programs	3
CHHS 734, 735, 736 Seminar I, II, III	3
Advanced Research and Statistical Methods Core - 12 hours	
EPI 610 Principles of Epidemiologic Research	3
EPR 696 Qualitative Research: Inquiry and Analysis	3
EPR 710 Computer Applications and Advanced Statistical Methods	3
Graduate Research Design Course. Choose one course that fits the needs of your dissertation with the approval of your advisor. Two examples are listed below, but other courses could apply. EPR 695 Survey Methods in Educational Research EPR 790 Mixed Methods Approach in Action Research	3
Coursework in the Social and Behavioral Sciences – 18 hours minimum Selection of courses pre-approved by doctoral program advisor to build knowledge and skills in a cognate area, e.g. Health Disparities, Research, Global Health, Public Health Policy, Aging and Health, Disabilities and Health.	18
Research Internship (Prerequisite GRD 717)	12
Dissertation	18
Total	72

Note: If the academic advisor foresees deficiencies in the student’s progress/coursework (writing quality issues, research competency), the advisor may require additional courses. This is why the Graduate Catalog says “MINIMUM of 72 credit hours”. The advisor and graduate program director will make the final decision of any additional coursework.

Note: It is the student’s responsibility to keep up with the UAB Graduate School’s policies at www.uab.edu/graduate/. All deadlines and online forms are contained on this website.
