**Fire/Evacuation**
- Activate the nearest fire alarm
- **Call 911 from campus phone or 934-3535 from cell phone**
- Proceed to the nearest exit
- Use the stairs – NO elevators!
- Assist those with disabilities
- Meet at the designated assembly area
- Account for all individuals
- Wait for an all clear signal

**Medical Emergency**
- **Call 911 from campus phone or 934-3535 from cell phone**
- Give the operator the:
  - Location
  - Your name
  - A phone number
- Stay on the phone until the operator releases you
- Move the injured person only if danger is imminent
- Have someone meet first responders at the location

**Chemical Spill**

**Large Spill**
- **Call 911 from campus phone or 934-3535 from cell phone**
- Give the operator the:
  - Type of chemical
  - Size of spill
  - Possible exposure
- Evacuate the area/building
- Wait for an all clear signal

**Small Spill**
- Get the spill kit
- Don PPE and follow the spill response procedure
- Clean the spill only if you have appropriate spill kit and the training

Hazardous Materials on the Body

Large Spills
• Locate and get under the safety shower immediately
• Remove clothes and continue to shower for 15 minutes
• Seek medical attention immediately if needed

Small Spills
• Rinse the exposed area with large amounts of water for 15 minutes
• Seek medical attention if needed

Hazardous Materials in the Eyes

• Flush with water for 15 minutes at the eye wash station
• Open the eyelids and force water into the eyes
• If wearing contacts, wash once and remove the contacts.
• Continue to wash for 15 minutes without the contacts
• Seek medical help as soon as possible
