

OCCUPATIONAL HEALTH ENROLLMENT FORM

YOUR RESPONSES ARE STRICTLY CONFIDENTIAL

General Information:

1. To minimize risks to employees, a health screening at the beginning of the job and at periodic intervals is recommended for certain job categories. Likewise, it is important that you notify EH&S Occupational Health about any change in your job, exposures or activities at UAB.
2. If you have ever been diagnosed with or had symptoms of the following, you may be at increased risk of injury or health problems when conducting research at UAB:

Skin rashes	Glove Allergies/rashes	Allergies to animals, dander, and/or hair
Asthma	Muscle or bone problems	Allergies to pollen, food, etc.
Latex Allergy	Mitral valve prolapse	Repetitive motion injury (i.e., carpal tunnel)
Diabetes	Repeated episodes of diarrhea	Problems with visual acuity, hearing ability
Hernia	Splenectomy (missing spleen)	Allergic skin problems, eczema
Seizure disorder	Drug or alcohol dependency	Family history of hay fever, asthma
3. If you are pregnant or if your immune system is suppressed, you may be at increased risk. Please make sure your private/personal physician knows about your job duties.
4. Employees working with certain animals may require immunizations specific to that species.
5. If you have any disability (limitation) for which you believe an accommodation is needed for you to perform your job, it is your responsibility to inform your supervisor and request a workplace accommodation.
6. An annual tuberculosis (TB) screening is required for employees with exposure to nonhuman primates and other specified areas at UAB. Vaccination against TB by Bacillus Calmette-Guerin (BCG), does not exclude one from annual TB screening requirements.
7. Allow 1-2 weeks for processing forms. Your EH&S Occupational Health Clearance will be delayed for incomplete forms.

Specific Information for Attachments 1 and Attachment 2:

1. In addition to completing pages 2, 3, and 4, you will be required to complete **Attachment 1** if any of the following apply to you:
 - have direct contact with or enter rooms occupied by nonhuman primates,
 - work in an area that requires TB screening,
 - work with material of human or nonhuman primate origin,
 - work with restricted material or in a restricted area,
 - work in or enter a BSL3 or ABSL3 area,
 - receive either a required or recommended immunization through this program,
 - work with animals or walk through an area where animals are present,
 - have a current or past medical condition that may affect your ability to work in an area.
2. You must either complete **Attachment 1** OR complete **Attachment 2**, which acknowledges by signature that you understand that you may be placing yourself and others at risk by not disclosing the information requested.

Internationals:

1. If you are newly arrived from outside the United States, **you MUST** contact International Student and Scholar Services (<https://www.uab.edu/global/international-students-and-scholars>) at **international@uab.edu**.
2. You must provide **documented immunization records prior to arriving** on UAB campus. Below is a list of vaccinations **required by UAB**:

• 2 documented MMR vaccinations or titers demonstrating immunity	• Meningococcal vaccinations (if <22 years old)
• 2 documented Varicella vaccinations, documentation of having the disease or titers demonstrating immunity	• Tetanus vaccination within the last 10 years
