Is It a Large or Small Spill?

A spill has occurred. Quickly answer the questions below.

- Known material?
- Responsible party at the scene?
- Not toxic nor a fire hazard?
- Is less than 500 ML?
- Away from hallways and drains?
- Have the correct PPE to clean up spill?
- Have the correct spill kit for the material?
- Have the training to properly clean the spill?

If you answer **NO to just ONE question**, it is a LARGE SPILL!
