

The Department of Homeland Security (DHS) has issued mandatory rules and regulations requiring businesses, manufacturers, laboratories and universities to inventory and report quantities of chemicals it considers “chemicals of interest”.

To comply with these new regulations, the Department of Occupational Health & Safety (OH&S) has developed an on-line inventory program accessible from their website. Investigators are asked to go to <http://www.healthsafe.uab.edu/4dlink1/4dcgi/cs/cheminv0> and complete the on-line inventory submission by Friday, February 29, 2008. The deadline is quickly approaching. For more information, call OH&S at 934-2487.
