

# Shipping Hazardous Materials

## Attention !

You may be in violation of Federal Law if you ship dry ice, hazardous materials, or any other “Dangerous Goods”, sign any shipping documents, or participate in the shipping process for these materials in any way unless you have received specific training.

AND..... you have no excuse, since OH&S provides free on-line training for

- Shipping with Dry Ice (BIO200)
- Shipping Biological Substances, Category B (BIO201) and
- Shipping Infectious Substances, Category A (BIO202) at

<http://www.uab.edu/ohs/training/hazardous-materials>

Training is required every 2 years or if regulations change and is available to all UAB employees at no cost.

Call OH&S at 4-2487 if you have questions.

**Don't be guilty; be trained, compliant and safe!**
