The University of Alabama at Birmingham

DEPARTMENT OF PSYCHIATRY RESEARCH FACULTY

The Department of Psychiatry and Behavioral Neurobiology at the University of Alabama at Birmingham (UAB) is offering a full-time faculty position in the Division of Behavioral Neurobiology at the Assistant or Associate Professor level. Rank, tenure status and salary are commensurate with experience and qualifications. This position provides an excellent opportunity for an outstanding PhD and/or MD scientist who conducts either bench research in neuroscience that are related to neurodevelopment, mood disorders, schizophrenia, substance abuse or other psychiatric illnesses.

The Department of Psychiatry and Behavioral Neurobiology offers a strong supportive research environment in both laboratory and clinical settings. Researchers also have abundant opportunities for collaboration with neuroscience faculty in other departments including Neurobiology, Psychology, Neurology and School of Public Health. Research resources are also enriched through the Comprehensive Neuroscience Center at UAB.

UAB is a major regional medical center with excellent resources and benefits. The university is committed to building a culturally diverse educational environment. Applications can be submitted via: <http://uab.peopleadmin.com/postings/2411>.

A pre-employment background investigation is performed on candidates selected for employment. In addition, physicians and other clinical faculty candidates who will be employed by the University of Alabama Health Services Foundation (UAHSF) or other UAB Medicine entities, must successfully complete a pre-employment drug and nicotine screen to be hired. UAB is an Equal Opportunity/ Affirmative Action Employer committed to fostering a diverse, equitable and family-friendly environment in which all faculty and staff can excel and achieve work/life balance irrespective of race, national origin, age, genetic or family medical history, gender, faith, gender identity and expression as well as sexual orientation. UAB also encourages applications from individuals with disabilities and veterans.
