REQUEST FOR BID

DRY ICE

ADDENDUM NO. 1

Proposal No.: 571
Response Due Date: Tuesday, November 23rd, 2021
Response Due Time: 2:00PM CST
Attention: Furman Williams

This Addendum provides answers to all Contractor questions submitted on or before the questions due date of November 16th, 2021 by 5:00PM.

1. How many pounds per day?
   **UAB Answer:** There are no minimum nor maximum pounds ordered per day. This is an “as needed” ordering environment.

2. How many deliveries per day?
   **UAB Answer:** There are no minimum nor maximum pounds ordered per day. This is an “as needed” ordering environment.

3. Do they have centralized drop locations for PB11’s?
   **UAB Answer:** No – There are no centralized drop locations at any of the buildings. Deliveries go directly to the labs.

4. Delivery Window? – This was a major issue in the past because most of the departments wanted it by 8:00 a.m.
   **UAB Answer:** UAB is operational 7:00 a.m. to 6:00 p.m. Deliveries are made upon departmental request.

5. Does each delivery point have a loading dock? – Finding a place to park our truck on campus was another major issue.
   **UAB Answer:** No – There is no guarantee each location will have a loading dock. This was the purpose of the on site, so respondents could view and document in person how each building is set up and where each lab is located.
