REQUEST FOR PROPOSAL

ATHLETIC FIELDS SPRAY PROGRAM
ADDITIONAL #1

Proposal #: 16
Response Due Date: February 20, 2019
Response Due Time: 11:00 A.M. CST
Attention: Phyllis Stanley

The following questions were received for review.

**Question:** Do you have a specific rate at which you would like the products to be applied? The SOW does not state the rate.

**Answer:** Assume products are applied at the recommended label rate. There are approximately 11.5 acres (this should be field verified by bidder) to be treated.

**Question:** Can any or all of the fertilization products be applied simultaneously or do they need to be applied separately?

**Answer:** Combination spray applications of the fertilization products and any recommended mixing order should be verified by the bidder with the manufacturer.
