New Mass Spectrometry Technology in Forensic Sciences

Wednesday, March 31st 2010

5:00 – 6:00 p.m.

(Refreshments will be served)

*Join us for an informal discussion hosted by **DR. ERIN SHONSEY**, Director of Research for the Alabama Department of Forensic Science. She will discuss how mass spectrometry is used in forensics and how the instrumentation is helping to advance the discipline.*

**Finley Compass Bank Conference Center
720 20th Street South.**
