H-1B EXTENSION PACKET – NON-CLINICAL

H-1B Employee Name: _____

Please complete this packet to begin the process of extending H-1B work authorization. Email the complete packet and additional required documents to Ashley Rainey, arainey1@uab.edu, or Zoe Guy, zoeguy@uab.edu. Hard copy originals are not required.

Packet:

- LCA Form
- Check Request Memo (for ISSS to request UAB extension check(s) in Oracle)

Additional required documents:

- New contract, offer letter, or postdoc letter confirming reappointment (as applicable)

Once we receive the LCA form below, we will review and send you H-1B posting notices.

A **general**, absolute best-case timeline for the entire H-1B process, **depending on how quickly and accurately the necessary information is provided by both the department and the employee**, is:

- 7-10 business days for the LCA portion of the process (*i.e.*, while the Department of Labor certifies the wage, which is an electronic process that cannot be expedited)
- 10 business days to finalize the H-1B forms and obtain necessary signatures
- 15 calendar days for USCIS to adjudicate (meaning approve, deny, or send a Request for Evidence) the H-1B petition if premium processing is requested
- 2.5-4 months for adjudication by USCIS if premium processing is not requested
- 7-10 business days to receive the hard copy Approval Notice from the USCIS California Service Center (unless a return UPS/FedEx envelope is included *and* USCIS actually uses it)

NOTE: *Extending employees can continue working for up to 240 days while an extension petition is pending. They will need to update their Form I-9 based on the USCIS receipt notice. It is not strictly necessary to premium process an extension petition unless the department and/or employee decide otherwise. Employees are responsible for making an appointment with either ISSS to update Form I-9 in Guardian with information on their receipt or approval notice.*

Again, the above timeline is valid only to the extent we receive all information in a timely and complete manner. Depending on volume, it can easily take a month to prepare the entire filing. We will collect any documents needed from the employee separately via email.

You and the H-1B employee will receive an automated email from our system on the afternoon the H-1B extension petition is filed. Please let us know if you have any questions!

PHYSICAL LOCATION(S) AND SCHEDULE

Please provide every address where the employee can be found working on a daily basis. Do NOT list the department’s administrative office address. Do include the employee’s office address if they will have office space in addition to a lab location. We need all address(es) where, if a Department of Labor or US Citizenship and Immigration Services Fraud Detection and National Security Unit (USCIS FDNS) representative arrived unannounced on campus, he/she could possibly find the employee working. Please list all locations where the employee will work. We must know all such addresses to protect both the University and the employee in the event of a site visit from a federal agency. UAB and other employers nationwide routinely have such visits.

INFORMATION NEEDED FOR H-1B EXPORT CONTROL SCREENING

Under federal Export Administration Regulations (EAR) and International Traffic in Arms Regulations (ITAR), US employers must seek and receive a license before releasing controlled technology or technical data to non-immigrant workers employed in H-1B status. Even if such information is released to the H-1B employee within the US, the regulations consider the release a “deemed export” as if the information had actually been sent to the H-1B employee’s home country.

In essence, the [EAR](#) pertains to the production, development, or use of “dual use” items found on the [Commerce Control List](#), while the [ITAR](#) pertains to technical data directly related to defense articles found on the [US Munitions List](#).

As part of the USCIS forms to file an H-1B petition, UAB is required to attest and certify that it has reviewed the EAR and ITAR and determined whether or not controlled technology or technical data will be a deemed export in this situation and has applied for a license, if necessary.

For additional background and help determining whether export control regulations will apply to your international hire, please refer to the University Compliance Office’s [Export Control Decision Tree](#).

Job Title/Position Offered: _____

Employee family name: _____ **Employee given name(s):** _____

1. To what research technology and academic facilities, including computer servers and laboratories, will the employee have access? [Include information about access to potentially controlled and sensitive equipment, software, personnel, etc.]

2. Will the employee be involved with any projects that (select all that apply):

- Are proprietary or involve proprietary information? Yes No
- Require the employee to obtain a certain security clearance? Yes No
- Involve research overseen by the Office of Sponsored Programs? Yes No

If yes, have any of the projects been issued a Technology Control Plan (TCP)? Yes No
If yes, please attach a copy of the TCP to this form.

Have publication or access and dissemination restrictions imposed by the sponsor, including but not limited to confidential disclosure, proprietary information agreements, and/or material transfer agreements? Yes No

Are departmentally-funded? Yes No

Require foreign national approval by the sponsor? Yes No

If you answered "yes" to any of the above, please explain. List and describe all projects. [Use additional space as needed.]

With respect to technology or technical data UAB will release or otherwise provide to the international employee, I certify that I have reviewed the Export Administration Regulations (EAR) and the International Traffic in Arms Regulations (ITAR) and, to the best of my knowledge, have determined that at the time of filing the H-1B petition, a license is not required from either the US Department of Commerce or the US Department of State to release such technology or technical data to the international employee.

Supervisor/PI Name: _____ Supervisor/PI Signature: _____

Supervisor/PI Title: _____ Date: _____

Department administrator: please email the complete packet and additional required documents to Ashley Rainey, arainey1@uab.edu, or Zoe Guy, zoeguy@uab.edu. Thanks!

INSTRUCTIONS AND JUSTIFICATION FOR H-1B IMMIGRATION CHECK REQUEST

Two different fees can be required to extend H-1B work authorization for a UAB employee.

A \$460 processing fee is required every time UAB files a petition for H-1B employment—whether for initial employment, change of employer, or extension of status. The department **must** pay this fee.

For an additional \$2,500 the department can request premium processing. USCIS will make a determination (approval, denial, or Request for Evidence) on the petition within 15 calendar days. **Except in the School of Medicine**, either the department **or** the employee can pay the Premium Processing fee—it is up to you to decide. **All School of Medicine petitions must include a check for Premium Processing paid for by the employer.**

*DEAR AP: WE HAVE ENTERED AN ISSS CALL EXTENSION IN ORACLE SO THAT THE CHECK(S) ARE NOT MAILED. ISSS WILL SEND A RUNNER TO PICK UP THESE CHECKS FROM AP AND BRING THEM TO THE ISSS OFFICE IN STERNE LIBRARY SO THAT ISSS CAN MAIL THE CHECK(S) TOGETHER WITH OTHER IMMIGRATION DOCUMENTS. **PLEASE DO NOT MAIL THE CHECK(S) DIRECTLY TO USCIS FROM AP. ISSS WILL PICK THEM UP. THANKS!***

Common for reasons for choosing to premium process an H-1B extension petition include the employee’s international travel plans and/or need to renew driver license.

Department Administrators: Please provide the Oracle account string you wish ISSS to use to request a USCIS filing fee check drawn on a UAB account: _____

- This is an extension. We need a check for **\$460**.
- We wish to expedite this petition via Premium Processing. We need an additional check for **\$2,500**. **[MUST include if in SOM]**

EXPECTATIONS AND ISSS SERVICES: WORK AUTHORIZATION AND PERMANENT RESIDENCE (DEPARTMENTS)

UAB's Office of International Student and Scholar Services (ISSS) is responsible for helping UAB, HSF, Valley Foundation, and Southern Research secure United States Citizenship & Immigration Services (USCIS) work authorization for international employees. Institutional immigration compliance is an active, three-way partnership requiring the engagement of ISSS, department administrators, and international employees themselves. Departments and international employees are expected to take an active role in the immigration process and follow checklists, packet information, and other instructions designed to maximize efficiency during the process. ISSS can assist only in certain areas and is not a Human Resources unit. Please review the below in anticipation of beginning a work authorization process for an international hire (*i.e.*, someone who is *not* a US citizen or permanent resident).

ISSS Responsibilities

- Collect from departments and international employees all information necessary to draft and file the following specific types of non-immigrant work authorization petitions with USCIS: H-1B, O-1, E-3, and TN
- Provide automated reminders and notifications when petitions have been approved, including instructions that the department and the international employee must follow for next steps to complete the onboarding and I-9 processes
- Send automated reminders and notifications when employees' work authorization can be renewed
- Provide annual trainings and Lunch 'n' Learns for administrators on immigration-related topics
- Collaborate with outside counsel during the transition from J-1 to H-1B status required for incoming clinical faculty who are currently completing their final year of medical training
- Provide templates and schedule for PERM recruitment among the department, Recruitment Services, and Faculty Affairs as needed depending on the position
- Distribute the weekly *Globetrotter* e-newsletter
- Publish extensive information about common processes and procedures on [our website](#)
- Determine the timing and category of potential permanent residence sponsorship in consultation with department administration

Department Responsibilities

- Provide complete, accurate, and timely information on ISSS new hire and extension packets for international hires, including accurate work locations and schedules, accurate job descriptions/duties, and accurate representation of the minimum degree level, training, and work experience required to be hired into the position
- Post and return H-1B posting notices (LCA notices) to ISSS after 10 business days

- Timely request USCIS fee checks that need to be drawn on an HSF, Valley, or Southern Research account (i.e., a non-UAB state funds account)
- Ensure that PERM recruitment ads are placed in appropriate media in conjunction with Recruitment Services and the Faculty Affairs office
- Facilitate signature processes and letterhead printing of immigration-related letters of support
- Update Oracle when an international employee changes immigration status or receives an extension of stay so that the Guardian system sends appropriate I-9 reminders
- Read the weekly *Globetrotter* e-newsletter for important updates related to federal immigration policy and ISSS procedures
- Review and refer to [ISSS website](#) for FAQs and common processes available 24/7
- Forward any permanent residence-related requests from outside attorneys to ISSS for review before signing or returning any letters or USCIS forms
- Notifying ISSS of a salary change greater than 10%, a change in physical work location, or significant change in title or job duties for any H-1B employee

Additional Resources for Questions Outside the Scope of ISSS

ISSS does not operate as a “one-stop shop” for everything that might involve an international employee. Our mandate extends to advising departments only about the steps and documentation necessary to file a successful petition for work authorization with USCIS. Departments and international employees are expected to take an active role in the immigration process and follow checklists, packet information, and other instructions designed to maximize efficiency during the process. ISSS staff are not personal attorneys and cannot assist with matters other than those directly related to processes connected with work authorization for UAB, HSF, Valley, and Southern Research. Please direct additional inquiries to the following:

- Employee recruitment/onboarding: departmental HR
- Employee discipline/termination: departmental HR
- Documents provided by an international employee who has a “work card” (EAD) and does not need USCIS work authorization sponsorship in the H-1B, O-1, E-3, or TN category: <https://www.uab.edu/global/employees-scholars/information-for-departments/hiring-international-employees-with-work-authorization-independent-of-uab-hsf>
- Volunteer/unpaid appointments: <https://www.uab.edu/global/employees-scholars/information-for-departments/volunteer-appointments>
- Permanent residence processes that do NOT require employer sponsorship: <https://www.uab.edu/global/employees-scholars/international-faculty-staff/permanent-residence> (see the last section re: “Permanent Residence Paths Requiring Outside Attorney”)

All new international employees in the H-1B, O-1, E-3, and TN categories, or who are seeking employer-sponsored permanent residence, will receive a similar document outlining their personal responsibilities with regard to the work authorization and permanent residence processes.
