LinkedIn Learning for UAB

No matter what level you're at in your career, skill and knowledge building are key to your continued success. Take advantage of UAB resources for just in time learning. All it takes is a few minutes.

LinkedIn Learning, UAB's online learning platform, is a premium educational tool which features thousands of courses in seven different languages, all taught by industry experts to help users advance in their chosen fields.

To eliminate endless navigating, the platform offers the Course Content Corner that takes the heavy lifting out of searching to get you where you want to be. Discovering new learning paths, content maps, instructors to watch and the latest courses has never been easier.

KEEP ON LEARNING*
