

## Scratch Lesson Framework Lesson Template

**Lesson Title:**

**Lesson Topic or Theme:** What will your lesson cover?

**Project Elements:** What do the students need to include in their projects? *I.e., the students should include a background and 4 sprites, each representing a stage in the life cycle of a butterfly. When each sprite is clicked, it should display information in a word bubble about that life cycle.* These project elements can be used to help create a project assessment.

**Preparation:** What will the students need to prepare to create their projects?
