The UAB Research Foundation (UABRF) welcomes your disclosures and looks forward to working with you. This Intellectual Property Disclosure Form is used to disclose any intellectual property (i.e., a new process, composition of matter, device, software, analytical tool or new use for a known compound) developed in whole or in part by employees and students of UAB to UABRF. Once a completed IPD is received, a licensing professional from UABRF will be in touch to begin the evaluation of your invention, and members of the UABRF staff will review and evaluate the intellectual property to determine if it should be protected by patent or copyright and whether it can be marketed and/or licensed to industry for further development and commercialization. **Should you need assistance, contact us at innovation@uab.edu or 934-9911.
