Total	21,160	20,905	20,868

¹ Fall student headcounts are based as of each term's official census date and do not reflect enrollment changes after that point. Each table reflects all enrolled students as of that census, unduplicated within each respective table.

² First College/School, Program Level, and Major refer to the validated primary program level, college, and major, respectively, associated with each student's primary program as of the census date.

³ Second College/School, Program Level, and Major refer to the unvalidated program level, college, and major associated with a student's secondary program at census. These are determined based on curriculum priority: Dual Degree: Two distinct degrees (e.g., MD/PhD), both marked as Curriculum Priority 1. Both degrees are reported to IPEDS (federal) and ACHE (state) upon completion.

Double Major: Two majors within a single degree. The first is marked as Curriculum Priority 1, and the second as Priority 2. The primary major is reported to ACHE, while both are reported to IPEDS upon completion. More details available here <https://www.uab.edu/institutionaleffectiveness/images/documents/enrollment-by-major/Fall-2023-2025-Enrollment-Programs-1-and-2-by-School-and-Level.pdf>

NOTE: While Banner allows for up to five concurrent programs, most students have no more than two officially listed in Banner. Additionally, students often change and update their second programs/majors in Banner especially in their final terms before completion.
