<b>TOTAL</b>	<b>5,218</b>	<b>3,513</b>	<b>797</b>	<b>678</b>	<b>33</b>	<b>10,239</b>	<b>1,290</b>

<b>Graduate Total (Excluding D.M.D., M.D., and O.D.)</b>	<b>4,635</b>
<b>D.M.D., M.D, and O.D. Total</b>	<b>386</b>

<sup>1</sup>Starting in fall 2010, the U.S. Department of Education divided the classification of doctoral degrees into the following categories:  
Doctor's degree - research/scholarship - A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. At UAB, this category includes the Ph.D.  
Doctor's degree - professional practice - A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as "first-professional." At UAB, this category includes the following degrees: D.M.D., D.N.P., D.P.T., Dr.P.H., D.Sc.P.T., Ed.D., M.D., O.D.  
Doctor's degree - other - A doctor's degree that does not meet the definition of a doctor's degree - research/scholarship or a doctor's degree - professional practice. At UAB, this category includes the D.Sc.

<sup>2</sup>This total is reported to state and federal agencies and is included in documents such as surveys and questionnaires.

Note:

All counts reflect enrollment at the end of the drop/add period for each session (May 6 for the May session, May 11 for the "A" session, May 14 for the 14-week session, June 11 for the 10-week session, and June 29 for the "B" session). Excluded from the count are students who are only auditing courses and persons taking only continuing education or other noncredit courses. Also excluded are students enrolled in programs based outside of the United States.

Advanced Professionals are interns, residents, and postdoctoral fellows who are here at UAB to participate in specialized training beyond their academic or professional degrees. For the Schools of Dentistry, Medicine, and Optometry, figures are obtained directly from those schools. The source of the data for Arts and Sciences, Engineering, Health Professions, Joint Health Sciences, and Public Health is the Office of Postdoctoral Education.
