

## Adobe Creative Cloud Apps Instructions for Installs and Upgrades

If you have administrative rights to your UAB owned machine, go to the **START** menu at the bottom right of your computer

Window 7

Windows 8

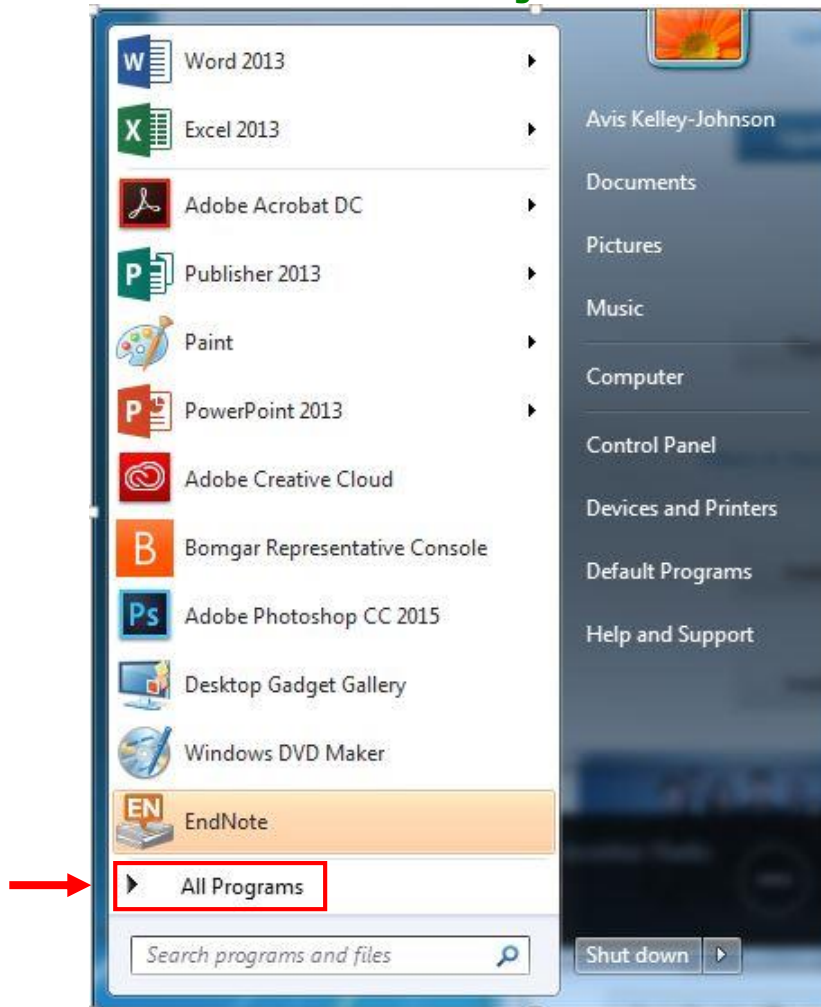

Windows 10

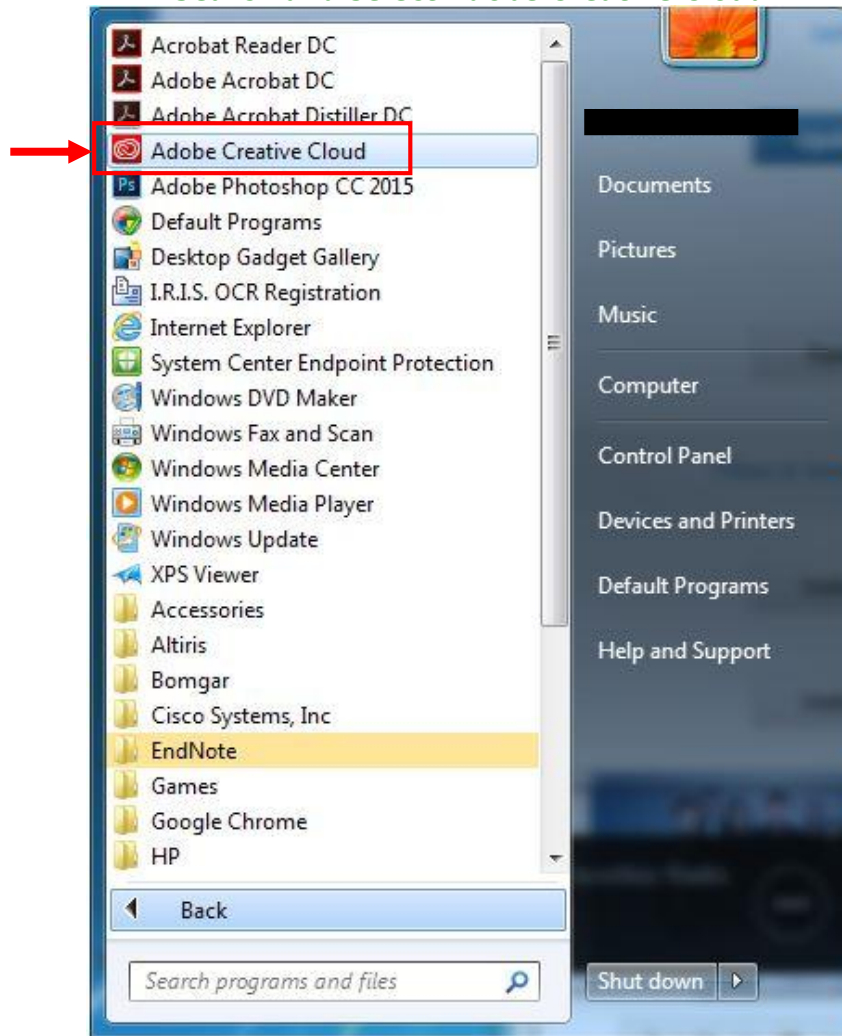

Apple / MAC  
(maybe diff)

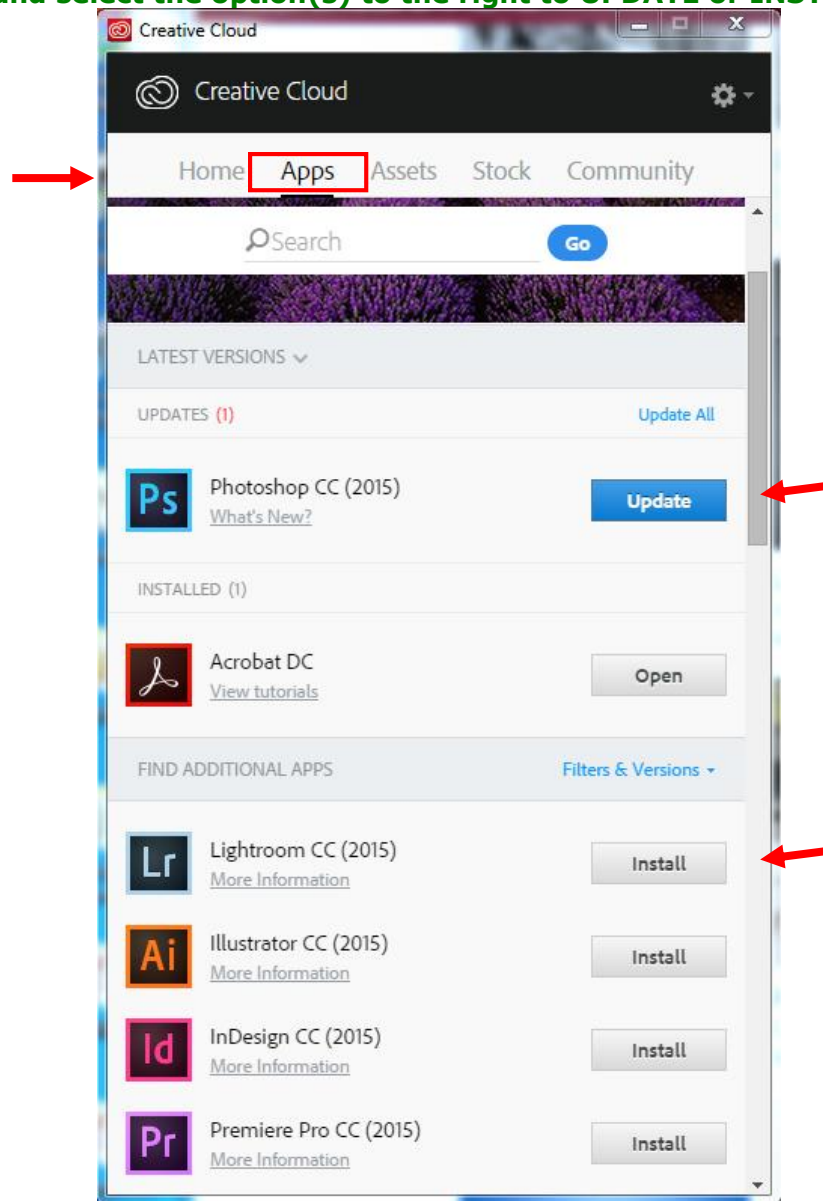

### Select All Programs

### Search and select Adobe Creative Cloud

**Go to Apps, search for the application you would like to upgrade or install; and select the option(s) to the right to UPDATE or INSTALL.**

**Continue to follow the prompts to updating or installing your application(s).**

*End users must have administrative rights to their UAB owned machine(s) to download and/or install software. If you have questions or need assistance installing your software, please contact the AskIT Helpdesk @ (205) 996-5555 / [www.uab.edu/AskIT](http://www.uab.edu/AskIT); or seek assistance from your IT Support Team.*
