This is a quick configuration guide for connecting Apple iPhone, iPad and iPod Touch to the UAB eduroam wireless network.

**Note:** If you are not from UAB, you will need to contact your home institution for assistance. More details can be found at the following address: www.uab.edu/wifi.

1. Open the Wi-Fi Networks window (from the Home screen select **Settings > Wi-Fi**) and select eduroam from Choose a Network.

2. When prompted for credentials input your BlazerID and password. Your BlazerID **must** be in the format BlazerID@uab.edu (see image 1).

3. You will be prompted to Accept the certificate. Click **Accept** to connect to eduroam (see image 2).
