Software Center
Use this guide for accessing the Software Center to download software on UAB owned Windows devices.

For computers running Windows 7, Software Center can be found in the Start Menu:

1. Open the Start Menu, either by clicking on the Start Menu icon or by pressing the Windows Key on the keyboard:

Notice your cursor is already in the "Search" field...
2. Type "software" in the search field:

Windows will locate Software Center and display it in the Search Results.

3. Press the Enter Key or click on Software Center in your search results.

4. If you would like Software Center to always appear at the top of your Start Menu, go through the steps above but replace Step 3 with:
   a. Right-click Software Center with your mouse.
   b. In the pop-up menu, select Pin to Start Menu.
LAUNCHING SOFTWARE CENTER

For computers running Windows 10, Software Center can be found in the *Start Menu*:

1. Open the *Start Menu*, either by clicking on the Windows icon found at the lower left of your screen or by pressing the *Windows Key* on the keyboard.

2. Begin typing “Software” which will automatically begin searching.

3. Click on “Software Center” which will open the application and display all available software titles that may be downloaded/installed.

4. If you would like Software Center to always appear at the top of your *Start Menu*, go through the steps above but replace Step 3 with:
   a. Right-click Software Center with your mouse.
   b. In the pop-up menu, select *Pin to Start Menu*.
