

UAB MEDICINE

October 28, 2022

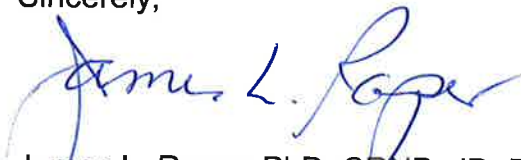

Patients scheduled to see Dr. Raper, CRNP:

This letter is to let you know that I will be retiring from the University of Alabama at Birmingham, effective November 30, 2022. I will no longer see or treat patients after that date. This includes the 1917 Outpatient, Research and Dental Clinics. If you have a pending appointment with me, our staff will assist with rescheduling with Mr. Ethan Dungan, CRNP. Like I have always done, Mr. Dungan will be working with your assigned attending physician in providing your care. Most appointments will remain the same. If you need assistance, please call our schedulers at 205-934-1917 (option #1). If you are currently on the UAB Patient Portal, you may contact us in this fashion also. The UAB 1917 Clinic remains ready to assist you.

Your medical records will be maintained by UAB Medicine in a secure manner and made available to our providers for any future appointments. If you would prefer to transfer your medical records to another provider outside UAB Medicine, please contact medical records at 205-930-7724. You will be asked to sign a HIPAA-compliant authorization form so that your records can be legally and confidentially transferred.

Finally, I want to thank you for allowing me to participate in your care - it has been a privilege and honor during my 27 years of practice here. I apologize for any inconvenience or concern these changes may cause. We have a great team in place and I am confident you will continue to receive outstanding care. I and my colleagues, will be glad to assist you in any way reasonable during this period of transition. Should you have any questions, please do not hesitate to contact my office at 205-975-7732.

Sincerely,

James L. Raper, PhD, CRNP, JD, FAANP, FAAN, FIDSA
Director and Professor of Medicine & Nursing
UAB 1917 HIV Outpatient, Research and Dental Clinic
