

MULTISPECIALTY ANESTHESIA

THE DIVISION OF MULTISPECIALTY ANESTHESIA FACULTY PROVIDE ANESTHESIA IN MORE THAN 70 ANESTHETIZING SITES ON A DAILY BASIS.

The anesthetizing sites include operating and procedure room locations within the **Medical West Hospital, UAB Callahan Eye Hospital, The Kirklin Clinic of UAB Hospital, UAB Hospital, and UAB Hospital-Highlands**. The UAB Department of Anesthesiology and Perioperative Medicine is the exclusive anesthesia provider in each of these locations.

Named **America's No.1 Best Large Employer and No. 4 Best Employer for Diversity by Forbes**, UAB is an academic medical center that strives for excellence. In the Department of Anesthesiology, our mission is to deliver high-quality anesthetic care to our patients. All of the clinical faculty members at the assistant professor level and above are certified as diplomates of the American Board of Anesthesiology. The anesthesia care team approach is utilized throughout our procedural areas. As such, we place a high priority on effective teamwork.

We're looking for excellent physicians for all areas. Our greatest need is for regional anesthesiologists and neuroanesthesiologists due to continued expansions in these areas, including our new IMRI operating rooms.
