“COVID on the Brain - Mental Health and Neurological Complications due to COVID-19”

Shruti P. Agnihotri, M.D.
Assistant Professor
Department of Neurology

Dr. Shruti received her medical training at the Medical College in Bhavnaga, India followed by Fellowships in Neurology at the Massachusetts General Hospital and Beth Israel Deaconess Hospital in Boston, MA prior to her appointment as Assistant Professor in the UAB Department of Neurology. Her clinical interest is in Complex General Neurology with a focus on Neuro-infectious diseases and Neuro-Rheumatology. She works closely with the undiagnosed disease program at UAB as a neurology consultant. Her research interests include Neurology of COVID-19, Neuro-HIV, Neurosarcoidosis, JC Virus and PML. Dr. Shruti has received numerous teaching awards prior to and including her faculty appointment at UAB.

Richard E. Powers, M.D.
Professor
Department of Pathology
Division of Neuropathology

Dr. Richard Powers is a psychiatrist and neuropathologist who received his medical degree from the University of Kentucky. He completed a psychiatry residency and neuropathology fellowship at Johns Hopkins Hospital. He practiced psychiatry and neuropathology at UAB until his retirement in 2011. While at UAB, Dr. Powers also served as the Medical Director for the Alabama Department of Mental Health and assisted with creating the geriatric mental health system for the state of Alabama as well as providing psychiatric services to persons with intellectual disability. Dr. Powers was one of the founding members of the Alzheimer’s Foundation of America and he has assisted numerous advocacy programs on behalf of persons with dementia and their family caregivers.

This UAB CNC Neuroscience Café is a **virtual event** sponsored by the Homewood, Hoover and Mt. Brook Libraries.
