

TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

 **Last Call!** The CCTS Clinical Investigator Training Program (CITP) is a five-week training on the roles and responsibilities of principle investigators in the conduct of clinical research. The program enhances investigator awareness of the administrative infrastructure supporting clinical research at UAB, and promotes its effective utilization to enable efficient time-to-trial-activation. Ideal for those with MDs, DOs, DMDs and PhDs, with a heavy emphasis on the responsibilities of investigators when overseeing clinical trials. **Sessions are Tuesdays at 1-4:30pm from February 7th to March 7th.**

[Take a look at some of the previous CITP participants](#) and [begin the application process](#). **Deadline: Jan. 27, 2023.**

 **Need to schedule a [BERD](#) consultation with an expert biostatistician, epidemiologist, or methodologist?** Remember to use the new form that makes for simpler, more effective scheduling.

[Complete the BERD consultation form.](#)

 **Research Orientation Program is January 26th!** This one-session, high-level overview of how to implement a sponsored or investigator-initiated study, is only held every few months so let your team know! ROP is ideal for young investigators and research staff who are new to research, as well as any who could use a refresher course in key aspects of a clinical trial. **Attendees may earn 4 AMAPRA Category 1 CME credits.*

The session is held virtually via Zoom from 9:00 am to 12:30pm. [Register here.](#)
