TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

 **Just released!** The CCTS Clinical Research Support Program (CRSP) just dropped the new 2023-2024 education dates. The CRSP team comprises certified and highly-experienced clinical research nurses, non-nurse coordinators, and regulatory and data personnel who provide guidance via educational workshops, drop-in clinics, and seminars.

 **From the NIH Office of Extramural Research:** If you work with human subjects in your research, review a new resource to help you find the information you need as you develop your grant application and beyond. It contains useful tips like how to [use the participant-level data template](#), an [infographic on exempt human subjects research](#), and a [decision tool](#).

[Check it out.](#)

 **CCTS Project Panels leverage our incredible community of scholars:** Request a panel today to brainstorm ideas, generate research questions, meet possible collaborators, fine-tune study design and sharpen your proposal. Whether you want a multi-disciplinary panel for your proposal or a quickly-deployed, tailored group, we assemble the expertise needed to work with you to strengthen your project.
