# TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

---

-  **CCTS expedITIONS: A Forum for Dissemination & Implementation Science** | Join the CCTS for expedITIONS, a monthly forum focused on discussing how interventions, clinical paradigms, and policy changes are integrated into clinical, community, and public health settings. This series offers training, showcases research, and fosters collaboration across the CCTS Partner Network to accelerate discoveries into routine care. **The inaugural in-person session is Oct. 1, 4-5:30 PM, WTI 101.** [More info](#), [register now](#).
  
-  **Request for Applications: CCTS Pilot Program** | The CCTS supports innovations addressing barriers that arise in clinical studies, such as participant recruitment and retention, lack of clinical endpoints, data interoperability, and similar challenges that impede the translational of research into improved human health and healthcare delivery. Investigators may request up to \$30k. **Applications are due 10/25.** [More info](#).
  
-  **Registration is open for MAGI 2025** | MAGI 2025 is a unique 3.5-day event that connects more than 700 clinical research professionals who share a deep commitment to ensuring the quality, compliance, and efficiency of clinical research that is needed to advance the delivery of therapies and devices that impact patients' lives. Attendees include representatives from sites, pharma, biotech, CROs, academia, government, regulators, and vendors. **May 18-21 in Boston, MA.** [More info](#), [register now](#).
