

TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

Clinical Investigator Training Program Launches October 25th: CITP is a five-week training on the roles and responsibilities of principle investigators in the conduct of clinical research. The program enhances investigator awareness of the administrative infrastructure supporting clinical research at UAB, and promotes its effective utilization to enable efficient time-to-trial-activation.

[Begin the application process.](#)

Rule of 3 for PowerTrials PowerPlans: While any clinical trial may use PowerTrials PowerPlans, trials with any/all of the following characteristics have to use PowerPlans:

- More than 3 health system billable orders
- More than 3 participants expected to be accrued
- More than 3 visits expected
