

# TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

- ➔ **10 Common IRB Submission Problems to Avoid:** Andrew Atchison from the UAB Office of the IRB will present this week's [Research Seminar Series](#) that will include tips you need for IRB success! Don't miss tomorrow's presentation, but if you do, catch it later on the [CCTS Video Channel](#).
- ➔ **Traveler's Privileges:** If you have staff performing research activities across UAB Medicine entities, a Traveler's Badge is needed. On this [Getting Started in Clinical Research](#) page you can locate all the information you need on the process, by scrolling down to "The Kirklin Clinic Travel Badge" and selecting the [Traveler Orientation Process](#) and/or the [Traveler Orientation Request Form](#).
- ➔ **Remembering Patient Privacy:** Be sure to remind your study staff that when they are engaging in discussions with patients about participating in a clinical trial outside of clinic, in busy spaces such as waiting areas, to be sure to move as far away from others as possible and to speak in a low voice to prevent the discussion from carrying to others in order to maintain privacy as much as possible.

## 2022 Community Engagement Institute Symposium

Rights to Health: Where do we go from here?

**Don't miss an important conversation this Friday, Oct. 21, as the CCTS convenes the 2022 Community Engagement Institute Symposium.**

This year's event focuses on the economic, social, and cultural right to a universal minimum standard of health to which all individuals are entitled.

Keynote Speaker is Dr. Sofia Gruskin, Director of the USC Institute on Inequalities in Global Health, who is joined by expert panelists from academic institutions and community organizations across the Deep South region. The Symposium also features research presentations from the Forge AHEAD Center Scholars.
