TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

-  **Team Building Essential: Research Orientation Program (ROP) for Those New to Clinical Research Roles.** This one-session, high-level overview of how to implement a sponsored or investigator-initiated clinical study is ideal for young investigators and research staff who are new to clinical research. Want a refresher course? ROP emphasizes key aspects of a clinical trial. The session is held virtually **via Zoom, October 26, 9:00am - 12:30pm.** [Register here.](#)

-  **Streamline Study Feasibility: Tap into i2b2.** i2b2 is a self-service data query tool that allows researchers to search the UAB EMR for patient numbers, aiding in assessing study feasibility, participant recruitment, and hypothesis exploration, with robust data from over 1 million patients and dedicated expert support. [Learn more.](#)

-  **Potential Participants are looking at XpertTrial.** [XpertTrial](#) is the portal through which potential participants can search for available trials at UAB by disease or condition. It may be found on the CCTS, CTAO, or UAB Medicine websites. The information about trials is gleaned from [ClinicalTrials.gov](#) . Participants who request more information will be routed to the contacts shown there. Be sure to [check the information on the site](#) to assure its accuracy. **If you have questions or need to make modifications, please [contact Swathi Thaker.](#)**

Thank you for reading!
