

TRENDING IN TRIALS

Essential Information for Principal Investigators at UAB

➔ **Pending Accounts:** Don't forget that PI and staff effort should be added during the start-up period for all industry-funded clinical trials that appropriately reflects time spent working to get the study initiated. This should be 1% for 1 month at a minimum but may be more as needed.

For more information, contact [Mark Marchant](#) in the CTAO.

➔ **Now Accepting Applications!** The CCTS Clinical Investigator Training Program (CITP) is a five-week training on the roles and responsibilities of principle investigators in the conduct of clinical research. The program enhances investigator awareness of the administrative infrastructure supporting clinical research at UAB, and promotes its effective utilization to enable efficient time-to-trial-activation. Ideal for those with MDs, Dos, DMDs and PhDs, with a heavy emphasis on the responsibilities of investigators when overseeing clinical trials with humans. **Sessions are Tuesdays from 1-4:30pm from Feb. 7th to March 7th.**

[Learn more](#) and [begin the application process](#). **Deadline for applications: Jan. 27, 2023.**

➔ **Did you miss yesterday's quarterly Lunch & Learn?** You can always catch the presentation on the [CCTS Video Channel](#).

Trending in Trials will return in the New Year. Happy Holidays!
