Essential Information for Principal Investigators at UAB

LATEST UPDATES

➔ **Double Your Revenue:** When Yale University focused on clinical trial financials in 2016, they found that overall budgets when negotiated in a coordinated fashion by the institution increased by 52%. When the Cystic Fibrosis Foundation worked with grantees to review clinical trials management, they discovered that 26% of budgeted expenses for activities performed were never billed and recovered. If our clinical trial research teams followed suit, it would mean their study's revenue could double!
